## Now We Can Show You the NEW McCormick-Deering Cream Separator

CAPACITIES: 350 to 1500 lbs. of milk per hour Hand,

Belted, or Electric

OU may have seen the Harvester Company's announcement of their New McCormick Deering Cream Separators. We now have the first of them in our store. The New McCormick Deering has many remarkable improvements. The machine now has high-grade ball-bearing equipment at all high-speed points. Its operation is the last word in light-running ease and durability. A completely new bowl of skillful design, with a skim-milk-regulating screw controlling

at all

High-Speed Points

the cream density, combines with other features to produce what we believe to be the cleanest skimming machine on the market. Splash lubrication that completely lubricates. A supply can with outside faucit. Every provision for sanitation and easy cleaning. The six sizes of the New McCormick-Dering fit every need —"from one cow to a hundred." You are bound to like this new machine. We will demonstrate here or on your farm with no obligation to you.
