GIRL RESERVE NOTES

The Girl Reserves were represented at the Coffee club Friday afternoon, March 8, by 16 members who gave the opening service used at Girl Reserve meetings. This includes songs and the saluting of the American, Christian and Girl Reserve flags. Reports were given on Rock Creek Camp and on the Seabeck Council by Shirlee Smith and Lahoma Powell, respectively. Winabeth McDowell, the president of the Hihi club, gave a talk on how the girls are organized and what they are doing. "Taps" was sung by Joyce Emmott.

Monday, at the regular meeting of the Girl Reserves at the high school a fellowship meeting was held. After regular discussions were over a short program was given. Grace Gifford read a humorous poem, "Nebuchadnezzar," and Alpha Kerr gave a very interesting talk on the "Origin of Negro Spirituals." Miss Tennessee Weatherhead gave a talk on the Racial Question.

The speaker said that every school board should have one or more women on the directorate. She called attention to the sacrifices of Frances Willard in her reform work, and said that nothing was impossible for women.

Miss Morelle Hair of Eugene, state president, made a very inspiring address and told of the plans for the state convention at Eugene in May. She told of her letter from Governor Patterson, in which he commended the business and professional women's clubs very highly on their work and promised his co-operation. Miss Hair complimented the Hillsboro club upon its progress (now being the third largest in the state, although less than a year old) and very graciously thanked the club for its gift of a corsage bouquet of orchids, violets and lilies on the directorate. She called attention to the sacrifices of Frances Willard in her reform work, and said that nothing was impossible for women.

Another of the state highway commission condemnation cases started in circuit court yesterday. It was that of the state against Elsie Christensen et al. The jury includes Otto E. Bennett, J. W. Kelley, David T. Beck, Henry G. Cox, George I. Gebhardt, John A. Lindow, Philip Hellecke, Glen H. Epler, Charles L. Downing, Charles L. Crocker, Robert F. Burns and George T. Pratt. J. M. Egg Shows What Can Be Done

A rooster, after pulling and tugging got a big ostrich egg in the middle of the hen yard, called all the hens around him and said, "I just want to show you what is being done in other places."

This joke was pulled in the chamber of commerce minstrel show at Laurel Friday evening and the next morning Mrs. Roy Heineck brought in a big White Leghorn egg to show "what could be done at Laurel." The egg weighs five ounces and is on display with a tiny White Leghorn egg in the Argus window.

The Hillsboro lineup was Maude Hoag, 17, and Clara Ruff, 25, f.; Alma Varner, c.; Verna Davis, s. c.; Josephine Jackson and Dorothy Gillmore, g.; and Dolly Rogers, s.

The Beaverton lineup included Hamrich, 3, and Taylor, 10, f.; B. Johnson, c.; Lalun Chin, s. c.; Nelson and A. Johnson, g.; Haines and Jenne, 5, s.

The records for the past season show that the Hillsboro girls have the best claim to the district championship and also a good claim to that of the state. During the 12 games played they lost but one to Newberg by a score of 17 to 22, but they beat Newberg early in the season by a score of 39 to 30, which makes Hihi 4 points to the good. All through the season the girls have played good, fast, clean basketball, and another championship team is predicted for next year. Much of the credit for the team is attributed to Miss Lillian Homedew, the coach.

The girls' record for the year is as follows:

	Hillsboro
Oregon City	16 34
Alumni	15 32
Tigard	29 39
Beaverton	16 28
Banks	17 39
Forest Grove	23 38
Newberg	22 25
Tigard	30 39
Forest Grove	17 43
Teachers	4 8
Newberg	22 17
Beaverton	18 42
Total	247 423

Highway Group Has Open Meet Monday

The Baseline super-highway committee of the chamber of commerce held an open meeting Monday evening to secure the thought and opinion of others interested in the project. The committee was instructed to proceed with their investigations.

To unmoil jellied dishes, a cloth is wrung from hot water, laid over mold and patted down with the hands. After a minute the jelly should slip out easily; if it does not, the process may be repeated.

Orchardists whose trees are subject to damage by brown mite can escape this damage by thoroughly examining the buds in the fall or winter for the clusters of tiny red eggs, says the entomology department at the state college. If the clusters are numerous, they may be destroyed by an application of 4 per cent oil emulsion in February.
