All Asked To Give Help In Big Clean-Up

Ask People To Gather Up
Cans, Clean Yards

City Beautiful Object

Every resident of Hillsboro is asked to cooperate in the city's annual clean-up and paint-up week, beginning Monday and running throughout all of next week. Its proclamation of Mayor George Chaplin, the city's first annual clean-up and paint-up week, has been set aside for everyone to help in dressing up the city.

Price reductions will be made to those having their cans sacked or in boxes ready to be taken to the city dump. Members of the three local Boy Scout troops will take pledge slips to the various homes and the scouts will receive a percentage for their work. A number of prizes will be given to the troops by business institutions.

A special drive will be made by the city administration to clean-up all city-owned property. J. M. Person, chairman of the chamber city beautiful committee, announces that a special reduced rate has been secured and that residents may get the benefit of the reduced price by signing a clean-up pledge when a Boy Scout calls at the door. The pledges will be turned over to the refuse hauler, who will handle them at the reduced rate.

As an added inducement to secure the cooperation of everybody the haulers have agreed to give 15 per cent of their gross clean-up week receipts to the scouts. Mr. Person said. Here is a chance to get your refuse hauled cheaply and at the same time help the Boy Scouts a boost. If you are not called upon by a Boy Scout you may use the clean-up and paint-up week pledge in the paper, designating the Boy Scout to be credited, and forward or phone it to the chamber of commerce.

All clubs and organizations of every kind are urged by the committee to cooperate fully during the week to make it a success. Residents are reminded that the week is primarily to improve the appearance of the city.

It is pointed out that if people are going to have good lawns and gardens they must put in some work and irrigate scientifically. The Portland park bureau recommends a good soaking two days a week as being the best.

There has been some complaint that it was impossible because of the cost, but it was pointed out at a meeting of those interested in the clean-up Friday that Dr. J. O. Robb and H. E. Sushaus, Jr. maintain good lawns and properties by using water scientifically at a small cost. The minimum rate here is \$1.25 for 1500 gallons, while at Forest Grove a meter on a new rate schedule, it is \$1.50. Three thousand gallons here cost \$1.55, and every 1000 after that up to 15,000 is 20 cents. Over 15,000 gallons cost 20 cents. The municipal plant at Forest Grove pays no taxes, and the private-owned concern pays 12 per cent of its gross in taxes, it was shown.

Legion Minstrels Will Show May 15

The annual American Legion minstrel show will be presented at the new union high school auditorium May 15. Legionnaires are putting in many hours of rehearsal for the show, which is being directed by Forest Grove, Oregon. The minstrel party will be supplemented by a number of professional acts.

Secrets About Cooking Learned By Women of Community at Cooking Matinees Held Tuesday and Today

The Argus cooking matinees were held this afternoon and Tuesday in the Venetian theater from 2:30 to 4 o'clock. Miss Elizabeth Reger and Miss Grace Anderson demonstrate oven cooking and canning and had several surprises for those present.

These matinees have been a great success in all respects and everyone will be glad to win some of the prizes which will come next year. Miss Elizabeth Reger assisted Miss Reger and Miss Anderson during the demonstration.

On Tuesday cakes, cookies, pies and other delicacies were demonstrated by these tireless workers. Miss Reger made her famous chocolate angel food cake and gave it away at the end of the lecture. She proved her statement that an angel food cake is not hard to make. She insists that it is even hard to make a failure of this kind of cake. After seeing her go through all the steps in making the cake everyone present was ready to try it herself. Miss Reger also made a gold cake from the yolks of the eggs left from her angel cake. She has given the recipe again for the benefit of those who did not get it during the lecture: Yolks of 9 or 11 eggs, 1 1/2 cups sugar, 1 1/2 cups flour, 1 teaspoon baking powder, 1/2 tea-

Give Illustrated Talk As Benefit For 4-H Workers

Western girls in their work to aid "Buddy In His Battle of the Boulevard" of Paris, coping with the French capital underworld meetings, featuring the Portland school teacher picked by New York headquarters for delicate effort in behalf of the doughboy in London and France; the Oregon heroism claimed by eastern papers "the soldiers' guardian angel" will be shown in motionless pictures at the benefit given in the interest of the 4-H girls' club in the Grange hall May 10 by the Rev. E. L. Lockhart.

His illustrated address tells of "Buddy" seeing the sights of Paris in the days when the American soldiers' 900,000 strong, moved on Paris and made the French capital rock during the hectic times between the signing of the armistice and the peace treaty, when the lads in khaki, released from the tension of the war, swept into the playground of the kings on pleasure bent. What they did and what was done to them.

Pictures of the real French woman, the street walker, flashlights of humor, history and highballs will be given of the life "over there."

A message of a westerner to westerners, it is thought, will prove unusually attractive as presented by the local pastor, who was a welfare worker traveling in England, France, Germany, Belgium, Italy and Poland, spending nine months entertaining the soldiers in Paris. Special music furnished by local people will also be heard.

Open Season Sunday With A 1 to 0 Win

A 1-to-0 win over Sellwood Pharmacy in the fourth attempt to open the 1929 Portland Valley league season will qualify the Hillsboro team for the nickname of "Ducks." Jupiter Plavus was not so generous with rainfall early in the day, but he came back with a strong enough wall of water to keep the field after five innings had been played.

None of the opening ceremonies was observed because of weather conditions. The players slipped all over the lot and had the game gone the full period most anything might have happened. The medicine mixers from Portland proved a hard outfit to down. Sellwood Pharmacy was the flag-winning St. Phillips team.

Talking pictures and talking screen vaudeville acts will be the regular thing at the Venetian from now on. "The Voice of the City" will be on Friday and Saturday, and "The Carnation Kid" is the Sunday, Monday and Tuesday attraction.

May Day Fete Is Set For May 14; Fairies To Play

The May Day program this year is to be in the form of a pageant, "The Coming of Spring," and it will be held on the court house square May 14 at 2 p. m.

The fairy queen, Louise Cruzon, enters with her attendants and takes her place on the throne. The flowers of the seasons come to pay homage to their queen. They dance and doze in the sunlight while the queen bee and butterflies dance among them, sipping nectar from their lips. The spirit of spring is embodied in the character of Peter Pan, who dances among them and beckons them to follow him to the queen's throne, where they implore her to dance for them. The queen descends and complies with their wishes. May Day is then completed by the Maypole dance.

The theme of the pageant was worked out by Miss Adelle Pikaer and Miss Hazel Fahy, who also designed all costumes and trained the dancers. Credit should also be given the mothers and teachers, who gave assistance in the making of the costumes.

Local Groups To Choose The Queen Entries

Different organizations in the city are showing much interest in the selection of a queen for the annual Fourth of July celebration. The Coffee Club, Business and Professional Women's club, Pythian, Eastern Star and Girl Reserves will nominate candidates. Other organizations in the city and outside communities will also make nominations. The contest will commence May 10, but the nomination of candidates for queen will not close until some time later.

Most of the business concerns are cooperating by giving a ticket of 10 votes with each 50-cent purchase of merchandise. The candidate receiving the highest number of votes will be the queen and the four candidates receiving the four next highest will be her attendants.
