

Tigard Takes Roy To A Loss

Last Saturday on the Tigard grounds Roy lost the first game of the season to Tigard by a score of 14 to 11, the other games being postponed on account of rain. Many errors were made by both teams, and especially by Roy, on account of the wet grounds, which were kept slippery by frequent showers throughout the game. Tigard excelled Roy in hitting, making 19 hits to 9 for Roy.

All Aboard for Alaska!

Alaska soon will have airplane connections with the United States as the Boeing System will start service between Seattle and South-eastern Alaska over the famous Inside Passage. Seaplanes like the one shown above, carrying six people, will cut a four-day steamer voyage down to a dawn to dusk flight.

Alaska soon will have airplane connections with the United States as the Boeing System will start service between Seattle and South-eastern Alaska over the famous Inside Passage.

Your MODEL T FORD is still a good car

THE Model T Ford led the motor industry for twenty years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a good car.

As a matter of fact, nearly one-fourth of all the automobiles in use today are Model T Fords. Millions of them can be driven two, three and even five more years with reasonable care and proper replacements. Figures show that the average life is seven years.

Don't sacrifice your Model T, therefore, but take it to the Ford dealer and have him estimate on the cost of putting it in A1 shape. A very small expenditure may be the means of giving you thousands of miles of additional service.

For a labor charge of \$20 to \$25 you can have your motor and transmission completely overhauled. This price includes new bearings, reboring cylinders and any other work necessary. Parts are extra.

Valves can be ground and carbon removed for \$3 to \$4. The cost of tightening all main bearings is only \$6. The labor charge for overhauling the front axle is \$4.50 to \$5—rear axle assembly, \$5.75 to \$7.

New universal joint will be installed for a labor charge of \$3. Brake shoes relined for \$1.50. Rear spring and perches rebored for \$1.75. The cost of overhauling the starting motor is \$3. A labor charge of approximately \$2.50 covers the overhauling of the generator.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running order. By doing so you will protect and maintain the investment you have in your car and get months and years of reliable transportation at a very low cost per mile.

FORD MOTOR COMPANY
