

Mrs. Olsen Will Tell Experiences

Scholls.—Mrs. A. B. Flint will entertain the ladies of the Scholls community with a silver tea Saturday afternoon at 2 o'clock. Mrs. Zeena Olsen will tell of her experiences in India during her seven years of missionary work in that country. Those interested are cordially invited to attend. The proceeds will be divided between foreign missionary and Ladies' Aid funds. Mrs. Bertha Fowles Roberts, who has spent more than 20 years in Africa, will also be present and will tell of the work there. The affair is under the auspices of the Scholls Ladies' Aid.

The Ladies' Aid met with Mrs. F. E. Rowell last week. The round table discussion was "If You Were Able To Choose Your Dinner Guests From the Past, What Five Would You Choose?" Moses proved one of the favorites. Mrs. George Mounts told of the interesting Bible study class in Minor, N. D. Mrs. Groner gave a talk on "Making One's Life Count For Good Rather Than Merely Talking About It."

There will be no church nor league services next Sunday, but Sunday school will be held at the usual hour. Bible study class will be held at the Larkin home next Tuesday evening.

Those from Scholls who attended the Farmington picnic at Shute park last Sunday were Mr. and Mrs. Ray Moore and family, Mr. and Mrs. M. T. Hease, John Heaton, Mrs. Ferd Groner and Mrs. A. B. Flint.

Sunday saw the Scholls folks off to league institute at Falls City. Those who have gone for the entire week are the Rev. and Mrs. J. Henry Ernst, Mrs. C. W. Larkin, the Misses Marjorie Larkin, Grace Miller, Evelyn Hesse, Garnet Guild and Elinor Karlweh, and Edwin Heaton and Perry Meyers.

Mr. and Mrs. M. N. Bonham were guests of Mr. and Mrs. A. W. Walker of Hillsboro Saturday and Sunday. Charles Hitchcock, Sutherland and S. P. Taylor took a fishing trip to Waldport and vicinity Friday, Saturday and Sunday.

Mrs. Harry Hoefel and family of Widge Hazel and Mr. Bennett spent Sunday at the Bennett place. Mrs. Kays has a crew picking blackberries this week and pays 8-13 cents a half-bushel for them.

Michael McCann is working on the new apartment house which Mr. Groner is building for walnut workers. Miss Jean Penny, who has been visiting the Cal Huchins and Roe Huchins families, returned to Portland Monday.

Mrs. F. G. Miller left Monday to spend a few days with her friend, Mrs. Twigg, of Hillsboro. Mrs. Fred Wohlshlegel visited her parents at Monmouth during the week-end. Carl Wohlshlegel and family and Miss Liest visited friends in Metzger Sunday afternoon.

Mrs. Helen Mandie and small daughter, Marvel, are guests of Mrs. Alfred Huchins this week. Miss May Payne of Carlton is a guest of Mrs. Roe Huchins. Miss Minnie Karpstein spent the week-end with her sister, Mrs. Roy Brown, of Portland.

Mr. and Mrs. Roy Brown of Portland visited in Scholls Sunday evening. Mrs. J. Herd and Miss Wilma Herd and Mrs. Alex Karpstein were in Portland Monday. Mrs. Fred Carlson and daughter left Sunday for a vacation at the beach.

Entertain Friends With Lawn Party

Chehalam Mountain.—Mr. and Mrs. Ira G. McCormick gave a lawn party Saturday evening. It was also a weiner and marshmallow roast. Those present were Mr. and Mrs. L. T. Finigan, Mr. and Mrs. E. C. Wohlshlegel and children, Beryl and Buford DeFord, Mildred Mayne, Monica and Hodson McCormick and Bernice and Wanda Finigan of this place; Willard and Paul Dixon of Dayton and Selma and Bernice Simmons, Marie and Julia Fuch, Elizabeth and Lois Darous, Margaret Hackett, Dorothy Yost and Carl Simmons of Newberg.

House party guests at the W. F. Wohlshlegel home during the week-end were Mr. and Mrs. C. L. Dempsey and daughter, Miss Pudey, Mr. and Mrs. A. W. Dempsey, Mr. and Mrs. H. G. Smith, Mr. and Mrs. B. L. Price and Miss Florence Hicks.

Miss Beryl Lerora returned home Friday from summer school at the University of Oregon. Mrs. Hayes and W. R. Davis sold their dried blackcaps to H. S. Gile & Co. at Newberg for 29 cents a pound, which is a better price than the growers here received last year.

Many here are interested in and plan to attend the picnic August 13 at 5 p. m. at the No. 10 school house at West Chehalam. Governor Patterson and H. B. VanDuzen, chairman of the state highway commission, will be present and

their attention called to taking over the Balk peak as a state park. Miss Violet Everest, daughter of Mr. and Mrs. G. Everest, was married Wednesday of last week to Emil Sausher, son of Mr. and Mrs. Wesson of Paunover of Portland. The ceremony took place in Portland and friends and relatives of the bride attended the wedding reception. Wednesday evening at the home of the bridegroom's parents, at 880 E. Burnside street.

B. F. Deford underwent a major operation at Smith's hospital in Hillsboro Thursday morning of last week. Mrs. Deford is staying there with him.

Louis Meyers was operated on for sinus trouble Monday in the eye, ear and nose hospital in Portland.

Mrs. Harvey Rockwell returned to her home in Portland after spending several weeks here with her mother, in the harvest. Baker, helping her harvest her big crop of blackcaps.

Mr. and Mrs. Elmer Whitmore have moved from a small house on Hillside to Thursday's house. Mr. and Mrs. Strong are making their home in Hillsboro.

Miss Julia Fuch of Newberg was a guest of Miss Monica McCormick over the week-end. They returned today.

Mr. and Mrs. E. V. Hanson and children, Marjorie and Gerald, left Thursday of last week for Ritzville, Wash., where Mr. Hanson will be in the harvest. They will drive from there to Calgary, Canada, to visit his two sisters, and will return the first of October.

Mr. and Mrs. L. T. Finigan entertained their son, Courtney, and daughter, Mrs. Norman Greer, at Timber Sunday.

Mrs. C. J. Coy and baby of Portland were guests of Mr. and Mrs. Tom Miller Sunday.

Mr. and Mrs. D. P. Murrey and family of West Chehalam, Mr. and Mrs. D. M. McInnis and Miss Alice McInnis visited the family at the D. W. McInnis home at Reedville Sunday.

Miss Beryl Deford and her brother, Buford, visited their parents, Mr. and Mrs. B. F. Deford, at the hospital in Hillsboro Sunday. Mr. and Mrs. Otto Ornduff and son, Mrs. Ellie Ornduff and Rufus Ornduff went to Stanfield Saturday, and returned the first of the week. Mr. and Mrs. Otto Ornduff are moving from Stanfield to Hillsboro.

Mr. and Mrs. Charles Sagert, and their son and his wife, Mr. and Mrs. Carroll Sagert of Sun Jose, Cal., visited Charles Sagert's sister, Mrs. Mary Ornduff, the first of last week.

Mr. and Mrs. George Simmett and daughter, Lydia, Miss Agnes Fitzke and Amy Krueger of Mankato, Minnesota, all old neighbors of Mrs. W. F. Wohlshlegel, were guests at the Wohlshlegel home Thursday of last week.

Miss Enola Barlow is spending the week in Portland with her cousin, Miss Pudey Dempsey. Donald Haynes of Midway is helping his cousin, Buford Deford, with the grain harvest.

Miss Ruth Hill and her friend, Miss Gertrude Jacky of North Plains, left Sunday for Puget Sound where they will be entertained during their vacation by relatives of Miss Jacky.

John and Fred Haynes were guests Sunday of their niece and her husband, Mr. and Mrs. Lester Morgan of Scholls.

Hazeldale

Hazeldale.—The Misses Jean Smith and Mary Grand of Aloha are spending a few weeks at Vancouver, B. C. Mr. Mills' mother and sister, Mrs. Houseman and her son, Lloyd, are visiting at the Mills home. They are on an extended trip from California. Fred Hutchinson of Vancouver, Wash., visited at the home of Mr. and Mrs. J. C. Smith Sunday. A. Ripert, Joe, Ann and Francis Ripert and Ann Spiering and F.

Farmers Are Jugglers, Too

If you ever tried to load a hay wagon so that it wouldn't tip over, you'll know something of the problem farmers in Spain face in loading mules like those shown above. This is the way they carry their hay around in Spain, and it's so small trick to get it on straight.

Schmidt left Sunday morning for Rainier National park. They will return today.

Mr. and Mrs. J. B. Thornton and family of California are visiting Mr. and Mrs. Tom Miller.

Mr. and Mrs. B. L. Giffitts and Miss Susan Gragg drove to Hayes, Wash., Sunday.

Mr. and Mrs. C. P. Sylverson and family visited their son, Courtney, and daughter, Mrs. Norman Greer, at Timber Sunday.

Mrs. C. J. Coy and baby of Portland were guests of Mr. and Mrs. Tom Miller Sunday.

Mr. and Mrs. D. P. Murrey and family of West Chehalam, Mr. and Mrs. D. M. McInnis and Miss Alice McInnis visited the family at the D. W. McInnis home at Reedville Sunday.

Miss Beryl Deford and her brother, Buford, visited their parents, Mr. and Mrs. B. F. Deford, at the hospital in Hillsboro Sunday. Mr. and Mrs. Otto Ornduff and son, Mrs. Ellie Ornduff and Rufus Ornduff went to Stanfield Saturday, and returned the first of the week. Mr. and Mrs. Otto Ornduff are moving from Stanfield to Hillsboro.

Mr. and Mrs. Charles Sagert, and their son and his wife, Mr. and Mrs. Carroll Sagert of Sun Jose, Cal., visited Charles Sagert's sister, Mrs. Mary Ornduff, the first of last week.

Mr. and Mrs. George Simmett and daughter, Lydia, Miss Agnes Fitzke and Amy Krueger of Mankato, Minnesota, all old neighbors of Mrs. W. F. Wohlshlegel, were guests at the Wohlshlegel home Thursday of last week.

Miss Enola Barlow is spending the week in Portland with her cousin, Miss Pudey Dempsey. Donald Haynes of Midway is helping his cousin, Buford Deford, with the grain harvest.

Miss Ruth Hill and her friend, Miss Gertrude Jacky of North Plains, left Sunday for Puget Sound where they will be entertained during their vacation by relatives of Miss Jacky.

John and Fred Haynes were guests Sunday of their niece and her husband, Mr. and Mrs. Lester Morgan of Scholls.

Nicotine Sulfate Is Easily Made

Nicotine dusts can readily be made at home without much inconvenience, says the Oregon experiment station. For the 2 percent dusts, 2 1/2 pounds of nicotine sulfate are added to 47 1/2 pounds of hydrated lime, the standard carrier for nicotine dusts. To mix large quantities, the lime is placed in a keg, the nicotine sulfate is added, and one-half pound of rocks or pebbles about the size of a hen's egg included for each pound of dust to be mixed. The keg is then closed tightly and rotated for 10 minutes, either by rolling the keg on the ground or mounting it on a frame. To mount it on a frame spindles are placed on the ends of the keg and a bi-rod fixed in the sides. After mixing or placed in air-tight containers, as it loses strength rapidly. The eighth mesh wire screen to remove the pebbles.

Small quantities of nicotine dust are prepared by mixing the nicotine thoroughly with the lime and then passing the mixture through a fine screen several times, making sure to break up all lumps. An old small butter churn is handy for mixing small quantities. While the proportion of nicotine to lime may be increased for such insects as cucumber beetles, 1 part nicotine sulfate to 9 parts lime is the strongest mixture recommended for any use. For chewing insects 15 pounds of lead arsenate can be substituted for an equal amount of lime in 100 pounds of dust. If sulfur is desired in the dust, 35 pounds of it may be used in place of that amount of lime.

sun's rays possessed to destroy what part of the sun's rays were bactericidal has only been recently investigated. The following studies were made by the Detroit Department of Health: An experiment is presented which shows that in the middle of the day, sunlight will kill staphylococcus aureus in one hour. Again another experiment is presented which shows sunlight under the conditions above mentioned, and after passing through plate glass 8 mm. thick will kill staphylococcus aureus in 4 1/2 hours.

An experiment is given which shows that when an iron arc of certain size is used as a source of light, if this light is passed through a spectroscopic and the spectrum is spread on the surface of a bacterial culture, bactericidal effect will be noted in that part of the spectrum which is composed of wave lengths between 2300 and 2850 Angstrom units. On longer exposure, longer wave lengths are noted to be effective. It would appear that the effective rays in the sunlight must be confined to those wave lengths which are apparent at noon but not apparent in early morning and in late afternoon.

Sunlight had window light can be relied upon to destroy bacteria if exposed to it for two hours during the middle of the day. Withdrawing the draperies and raising the shades even if the windows are closed, if the sunlight and sky-shine can enter, the destruction of bacteria will gradually be brought about. The period of the day when sunlight has bactericidal power is shorter in winter and longer in summer.

Washing the woodwork or parts of furniture likely to have become contaminated will break up covering matter which conceals bacteria; this will make the sunlight more effective.

Open books, feathers, draperies, rugs, or cushions, may be amply disinfected by placing them out in direct sunlight for two to four hours during the middle of the day. They must be so placed that the sun can have free access to their surfaces.

It is important that buildings should not be erected that are not adequately lighted by sunlight. A smoke screen will deprive a community of the solar rays which destroy bacteria. A smoke screen will also deprive a community of these solar rays which stimulate nutrition in young childhood. With modern methods of handling fuel it is now possible to reduce the smoke nuisance to a minimum.

Rape, one of the cheapest and quickest growing of the temporary forage crops, is especially well suited to mild, moist climates and deep rich mellow soils, says the Oregon experiment station. Because of its relatively shallow rooting system, rape does not do well under eastern Oregon dry-farm conditions, but is grown to some extent in the irrigated and subirrigated areas. It is grown extensively in western Oregon, particularly in the Willamette valley. In food value it is similar to cabbage and kale.

Eugene — \$365,000 fire-resistant nine-story medical and dental office building to be erected here.

FOR THE NEXT 30 DAYS With each 50 cent purchase I will give a complimentary ticket to the Oaks Amusement Park.

Careful Watch Chickens Urged

Oregon State College, Corvallis. —For poultrymen life is just one disease after another—for the poultry, that is—and now a new one has appeared to harass the long-suffering breeders, according to reports at the seventh annual convention of the Oregon Poultrymen's association held here.

Infectious bronchitis is the latest threat, said Fred Cockerell, a member of the state livestock sanitary board. This disease is epidemic form in California and has been found once in Oregon, where it had apparently been brought in by birds returned from an out-of-state egg-laying contest. Careful watch of all birds shipped in or returned from other states, particularly California, is essential, he said. Once in a flock it has been known to kill off a third in a few days.

The poultrymen favor a higher tariff on dried eggs and intend to let the Oregon congressional delegation know about it. Tariff protection will stimulate plants in this country to process low-grade eggs, it is believed. Other resolutions favored more egg shows in county fairs and more county meetings of the state association.

Better protection against poultry thieves is afforded now than ever before through new arrangements with a national detective agency, officers reported. Members of the association may pay a nominal sum and get the regular signs to post on their premises such as are used in banks and other business houses. Members were also urged to use the new tattoo branding method for fowls.

Lloyd Lee, prominent hatcheryman of Salem, was elected president for the coming year, and Fred Cockerell of Milwaukie, vice president. New members of the executive committee are A. H.

Dowssett of Gresham and J. H. Russell of Corvallis. F. L. Knowlton of the college was re-elected secretary-treasurer. Corporal: "I heard the drill sergeant called you a blockhead." Private: "No, he didn't make it that strong." Corporal: "What did he actually say?"

Private: "Put on your hat, here comes a woodpecker." Garbage Collection and Cans D. P. CORRIERI Telephone 2126
