# The Time Has Come!

# To Draw a Line Between Two Kinds of Hillsboro People

They look alike-They go to the same church-their children sit side by side in the same schoolin every way their interests are just exactly the

# Mr. and Mrs. Community-Minded

This family appreciates the advantage of citizenship in a city where opportunity is offered for pleasant living, cultural expansion, and substantial income. They know that they are benefitted, both in dollars and cents and in a score of other ways, by being a part of a modern community.

They appreciate that a city is only a great number of other families like themselves. As families about them are benefitted so is the community strengthened and improved, and their OWN circumstances prof-

When they buy for the needs of their home, they buy in Hillsboro. What they spend becomes INCOME for their neighbor who works in a shoe store, the friend in the clothing store, the clerk in the grocery store, the man in the bake shop, and scores of others. They make their community BETTER.

# Mr. and Mrs. Out-of-Town Shopper

This family enjoys every advantage of the family on the other side of the line. But they are thoughtless of their obligation to the community in which they live. Money spent by this family does

NOT become income for their friends and neighbors. When people they know stop them on the street to discuss the question of unemployment and business depression, they do not realize that they, and others like them, are largely responsible for such local conditions.

Almost without exception, Hillsboro can serve the complete needs of this family, as economically and with infinitely less trouble, as when purchases are made OUT-OF-TOWN. This family, be its head a banker or a blacksmith, rich or poor, CANNOT call themselves good citizens unless they are contributing all they can to the commercial interests of the community, and thereby building Hillsboro's

# This is a Vital Matter

Which family are you going to align yourself with during this new year of 1931? Are you going to do your part in making this year a more prosperous one for Hillsboro by patronizing Hillsboro merchants and thereby contributing to Hillsboro's income?

This is a vital matter to this community. Be community-minded. Help to make the year 1931 the most prosperous in the history of the city. You can do it in a most effective way by trading at home.

The Hillsboro Argus Pledges Itself and Its Interests to Community-Mindedness During This Year and Other Years.
