## Civil War Nurse, Then and Now

When tributes are paid Civil War veterans on Memorial Day, Maria M. Moran, 94, a resident of St. John's Hospital at Salina, Kan., won't be forgotten. "Grandma" Moran, born in Lincoln county, Ohio, served as nurse during three years of the Civil War. She is shown in the inset as she appeared at that time. Below she is pictured with a nurse at the Salina hospital.

Below she is pictured with a nurse at the Salina hospital.

We use only Shell High Pressure Lubricant and Quaker State Motor Oil

Hillsboro Garage

## Drainage Increases The Yields And Profits Of Crops

It makes lands that are uncertain in production produce crops every year.

It brings into cultivation lands otherwise worthless and improves the physical condition of soil by making it more granulated, porous, and friable.

Drainage warms the soil, and by warming it causes the seed to germinate more readily, producing a better stand and a prompter growth.

Drainage aids in the preparation of land and the tillage of crops, permitting earlier plowing or cultivation after a rain.

Drainage improves the health conditions, removing the sources of malaria.

Drainage warms the soil, and by warming it causes the seed to germinate more readily, producing a better stand and a prompter growth.
