If you plan on building a silo you will want the one that will give you the most return on your money. Investigate a concrete tile silo, the ideal silo. A concrete tile silo will absolutely keep every pound of ensilage in perfect condition, will outlast any other kind of building on the place, is wind-proof, verminproof, and fireproof. See a concrete tile silo before you build any other kind. We will be ready to show you a concrete tile silo in perfect condition, give you an estimate cheerfully, and still be friendly if we don't sell you a nickel's worth.

## Clouds Part When Sun Eclipse Starts

Smoked bits of glass and developed camera films were in demand Wednesday morning as Hillsboro people gazed skyward for a glimpse of the celipse of the sun during the brief intervals that it appeared from helping average for the sun during the brief intervals that it appearance from helping average from helping average for the sun description. ed from behind overhanging clouds. The heavy blanket of threatening clouds which hung overhead most of the day, accommodatingly broke up during the two hours when

the eclipse was in progress.

The shadow of the moon as it passed between the earth and sun began to appear here at 10:30 o'clock Wednesday morning and last-ed until 12:29 in the aftersoon. At the maximum point of the eclipse at 11:29 o'clock, tearly a third of the sun was shadowed. Scientists state hat the eclipse Wednesday vill be the last for 31 years hat will be visible here. The
