Tears for Property

The intellectual Oregon Daily Emerald at Eugene decries the sales tax and says "Solution to the school problem will not come through increased taxes . . . The schools must be saved, but it must be done by reorganization, not by throwing the burden of support from the rich to the

As for throwing the burden from the rich to the poor, why wouldn't it be a good plan to shed a few tears for carnation, if alive a red carnation. Attend the poor property owner, who must pay church with her if possible and in other and pay regardless of his income. have heard much logical criticism of the unfair property tax for years, but when an effort is made to lift some of the burden all kinds of "bogey" men are pictured to frighten the unsuspecting.

Should Help

A city board of planning as approved by the city council should prove an asset to the community. All other groups including the council are too busy with other affairs to give thought to a regular plan and after a study on this work by a competent committee of people, whose interest in the community is well known, and who are taxpayers, some worthwhile suggestions should be forthcoming.

Welcome Farmers' Union

Hillsboro is to be host to the state convention of the Farmers' Union May 22, 23 and 24 and the housing committee is in need of rooms. Everything should be done to make the stay of the visitors as pleasant as possible while here. Hillsboro is happy to have this convention and extends gracious welcome.

Those who have come to know Rev. Leroy Walker of the Methodist church during his years here regret that he is to leave the community. He has made many friends here because of his religious and community efforts. All wish him success in his new field.

Next Sunday is Mother's Day and all off use in this great country of ours are happy to pause that we may do honor to the world's most beloved personages—Mothers, Miss Anna Jarvis of Philadelphia was the first to suggest such a day and what a splendid thought, it was that one day in the year be set aside to revive in all the memory of youthful days when mother kissed away the petty sorrows of childhood, and to stamp indelibly on children the memory of that love which now blesses them. This holiday is designed to teach one of the most beautiful leasons of life—mother love.

A mother's love is the most constant, most enduring, and uplifting force in the world. Nearly all men who have done great things owe their greatness and their success to their mothers, and all great men loved and honored their mothers.

Delinquency

Tax collections from the general picture are not all that they might be, according to reports from various parts of the state. Property is staggering under such a heavy and unfair burden that delinquencies seem natural. Large taxpayers paid in to take advantage of the three per cent discount, but the bulk of farmers and home owners, reports show, paid in little. Such a condition will jeopardize support of school and governmental functions later in the year. These things should be kept in mind when voting on tax questions.

Politics?

If Rufus Holman, candidate for govnor, is the man who drove Albert Tozier and his sister, Edith Tozier Weatherred, beloved Oregon historians, out of historic Champoeg, it should be a mark against his candidacy. Politics should not govern cases like this. The younger generation should have the privilege of learning all that can be learned about the early history of Oregon.

Earl Snell, candidate for the republican nomination for secretary of state, has a lot of friends in this section. He has visited here often in the past. Such friendships will stand him in good stead during his campaign. The Arlington war veteran makes a good presentation in appearing before public bodies.

Labor troubles in the Banks strawberry area resulted in the calling of a strike affecting approximately 100 pickers at the Shigeno imately 100 pickers at th place Wednesday morning, according to the sheriff's office.
