LOWER PROPERTY TAXES

The object of the Sales Tax (expires automatically June 30, 1936), is two-fold: (1) to maintain rural and city school standards and prevent shortening of school terms by providing needed cash which delinquent property taxes cannot provide; (2) to lower taxes on real property.

Need for rural school relief has been admitted by sales tax opponents. At 1933 special session of the legislature, they introduced various makeshift measures that transferred state funds (needed for blind, insane, orphaned) to schools. All these bills were rejected by your elected representatives. A Sales Tax was proposed by a Grants Pass farmer-Granger, and passed.

On May 18, you will vote to uphold or reject this two-year Sales Tax.

GILL ADMITS TAX SAVING—Authority for statement that Sales Tax will actually reduce your property taxes, is Ray W. Gill, State Grange Master, in Lakeview Tribune, March 22, 1934. Mr. Gill writes: "As far as my brother and I are concerned, we would save money by the adoption of the Sales Tax, for the reduction on our property would be about \$110." Mr. Gill and his brother would have to spend \$616 a month on taxable items before their Sales Tax would equal their property tax saving! No tax on rent, doctor bills, insurance, commercial feed. Only 1¢ tax on \$1 purchase!

“Ann Is Going to Get MARRIED!”

“Yes! She's engaged to a nice boy. He's not making a big salary yet, but he's a hard worker. They'll have to be careful of their money, at first!”

Careful of their money! With a home to find, furniture to buy, marketing to learn... with the thousand and one little emergencies to meet that newlyweds never dream of!...

And a young girl, inexperienced in these practical problems, is expected to be careful of her money!

Ann will bless advertising. In the pages of this newspaper she will find the very experience she lacks—the advice she needs!
