"CHEVROLET IS RIGHT!"

After driving the New Chevrolet five miles, I'd never buy any other low-priced car!

FULLY-ENCLOSED KNEE-ACTION WHEELS

80 HORSEPOWER 80 MILES PER HOUR

BODIES BY FISHER

CABLE-CONTROLLED BRAKES

SHOCK-PROOF STEERING

In the low-price motor car field there's nothing that even compares with Chevrolet's famous 5-mile ride. The reason is: No other car at Chevrolet's price has any of the vital features pictured here. And without these features, it's impossible to equal Chevrolet's ride! You can't get Knee-Action results with anything less than a genuine Knee-Action car. You can't get six-cylinder performance with more than six—nor can you get valve-in-head performance with anything inferior to valve-in-head design. And the same thing applies to the Fisher body, the brakes, the steering. Chevrolet offers one feature after another that makes a tremendous difference—in the way the car feels, performs and saves. One feature after another that puts Chevrolet far ahead in value... farther ahead every day in sales!
