"HAPPY DAYS," Hillsboro, July 1, 2, 3 and 4—Celebrate here!

HUNDREDS OF THOUSANDS OF FORD V-8 OWNERS SAY GREAT!

THERE isn't a lukewarm owner among the hundreds of thousands of Ford V-8 owners. They're all "sold" on their V-8's. Thousands and thousands of letters prove it. And the Ford V-8, itself, did the selling.

The sensational V-8 engine sold them. This engine—the only V-type 8-cylinder engine ever built—develops more power than any Ford engine ever built. It's fast. The fact that you can do over 80 miles an hour means you can drive 55-60-65 without engine strain. The reserve power is there. And it's smooth as only the inherently balanced design of the Ford V-8 engine can make it.

Ford V-8 economy sold them. Costs for gas and oil are low, very low. And up-keep costs are light.

Ford comfort sold them. The comfort of transverse springs that set on all four wheels, of deep, soft cushions, and of wide seats.

We urge you to compare Ford V-8 performance with that of cars costing twice its price, and more. Once you have done so, you, too, will say "It's great!"

Ford V-8 prices start at \$515, f.o.b. Detroit. Authorized Ford Finance Plans of the Universal Credit Company offer convenient terms of payment.
