Tigard Club Hears About Forest Plans

(By Curtis Tigard)

TIGARD—"Many people have the wrong idea of the meaning of forestry." George E. Griffith of Portland, public relations assistant in the U. S. department of agriculture and working with the CCC groups, told members of Tigard Grange September 5. "Forestry is the harvesting of a crop of trees."

The fact that only one-half of the land of Oregon is fit to produce trees, has led the forestry department to the studying of soil and the zoning of forest land. The department is working rapidly toward sustained deal management in which it will be determined how much timber can be cut each year, and if Oregon is to survive as a commonwealth, it must continue the production of trees, Griffith said. Reforestation under the CCC means beginned to the forest. forestation under the CCC means keeping the fire out of the forest. Miss Frances Nash sang several selections on the literary program. Refreshments were server by the Graces as a special part of their program Reports on grange booths

at the county fair were heard.

Evidence that real estate deals are being transacted is shown by are being transacted is shown by the number of new arrivals in Tigard and vicinity. Ten new families have been reported and there are probably more if all were known. Among those settling are H. F. Septka, A. F. Ballard, D. M. Gault, Dave Hamill, C. S. Taylor, G. J. Byers, Ralph Goodrich, L. G. McMairs, E. A. Scholz and C. Carlson.
