

Evangelist to Hold Meetings

Teddy Leavitt Will Begin Work Here on Sunday

A very significant move among the Christian churches of the county is being launched in Hillsboro Sunday. Teddy Leavitt, state evangelist, and noted evangelist of the West, has been engaged to lead the churches of Beaverton, Forest Grove, Gales Creek, North Plains and Hillsboro in a five months evangelistic campaign.

Teddy Leavitt

The evangelist and representatives of the churches will be at the local Christian church Sunday for an all-county fellowship for the purpose of organizing a county association of churches and outlining a schedule of meetings for the evangelist. This meeting will follow a pot luck dinner at one o'clock.

Rev. Leavitt is not a stranger to Washington county. A number of years ago he organized the Beaverton church and has since conducted revivals at North Plains and last year held one of the best meetings in Forest Grove church held in years, according to the minister, Claude Sabitt. It is because of this fact that he has been chosen to lead in this new venture of the churches.

The local minister, R. L. Putnam, has had the evangelist in a previous pastorate at Salem and is glad to present his friend in a series of meetings here.

It is impossible for me to describe the character of the man and his odd ways of preaching the gospel message in his own inimitable way. You've got to hear him again and again to appreciate and understand Teddy Leavitt," declared the local pastor.

Say you saw it in the Argus.

World's Tiniest Mail Train

A farmer living near The Dalles, Ore., uses his own "mail train" to help out the postman. With the aid of a few batteries, this tiny engine daily makes the half mile trip to the main road, where the postman fills the "mail box car," turns the engine around, and starts it back home.

Trains Piled Like Toys in Crash

Evidence of the tremendous impact, cars of a local train into which an express crashed near Delaware, O., were strewn about like toys after the disaster, in which three persons were killed and 13 injured. In this spectacular photo, one passenger coach is shown piled on top of another.

Babson Hits Cuts in School Budgets

(Continued from page one) The crying need of today is not more education along cultural lines, but in the spiritual sphere. Our standard of living will collapse of its own weight if spiritual growth catches up with our material growth. The old-fashioned qualities of reverence, obedience, willingness to do hard and unpleasant tasks, respect for law, integrity, and loyalty must be taught. My own impression of public education's profit and loss report is that there is room for much improvement along these particular lines.

What Business Expects From College This applies equally to business colleges as well as schools. Business men are not asking that colleges throw out cultural subjects and substitute bookkeeping, typewriting, or business topics. Business men are demanding merely that the colleges train men in the fundamentals of life by developing proper habits—habit of thrift, concentration, hard work, integrity, and initiative. Mere knowledge can always be gotten an expert on a business man can get a diploma from a man with a diploma from the "College of Hard Knocks" is a better gamble than a business school graduate with untried character.

The same general idea applies in every walk of life. There have been great changes in the social thinking of America in the past ten years. Those who believe in the "survival of the fittest" are in the minority today. Yet the latter doctrine is absolutely responsible for America's development. It had to be the philosophy of every new settler along the coast and of every frontiersman who pushed our

Huge Sum Spent in County for Relief Purposes

Total of \$95,635 was expended in Washington county for relief work during the last eight months of 1934, according to reports of R. W. Weill, relief committee chairman, and W. J. Mills, county SERA manager. During this time 706 persons from the relief rolls were given work on the various projects.

Federal allotments to the county during the period amounted to \$67,305 and the balance of \$28,330 was the county's share of state liquor funds. Payrolls accounted for \$62,650 of the total expended, \$30,600 was used in direct relief and \$2383 of the state liquor fund money was spent for rent, mileage, materials for self-help projects, compensation insurance and other items.

Projects approved during the past eight months in Washington county totaled 70. Of this number 26 were completed, 33 were active and 12 had not been started. So-called self-help projects, such as sewing, furniture making, and wood-cutting were quite satisfactory and apparently worthwhile, the relief executives declared.

That the recent reduction of the wage scale for those on relief rolls to the level of the going wage in the county has not reduced the earnings of relief clients was the opinion of Mills. He pointed out that work orders are based upon the budgetary deficiency of the clients. As a result those employed will receive the same amount in wages each month but will be required to work a few hours longer.

Mills emphasized the fact that the eastern section of the county had been particularly favored with work projects as several were in operation from last May until the present time. Weill stated that efforts are being made to obtain more work projects in the Hillsboro area to care for local people on relief rolls.

That assurance of works programs, extending over a greater length of time than in the past appears probable under the new set-up was the declaration of Mills. He pointed out that failure of assurance of a works program for a definite period of time rather than from month to month has caused the suppression of many worthwhile projects. Local political subdivisions have not felt justified in obligating themselves for any considerable outlay for materials with no assurance that funds will be available for labor payrolls for a longer period of time than one month.

Success of works programs depends upon local communities originating projects, he stated. In the last analysis, the work is done for the communities, not the SERA. Rapid work in putting through a project to protect the Forest Grove water pipe line was accomplished last week. At noon Monday the local office received a call that Gales Creek was cutting into the bank and endangering the pipe line. A project to install "rip-rap" along the bank was immediately sanctioned and 10 men were at work Tuesday morning.

Another project approved this week provided for extension of the Sherwood-Tonquin road one-half mile. Work was started Friday grading the county airport near Hillsboro and 10 men are expected to be on the job by the end of this week. Work is being done by hand with wheelbarrows.

Hilhi Hoopsters to Play Scappoose Five

Hilhi hoopsters will tangle with Scappoose Friday night on the local court in the first major home game of the 1935 basketball season. The McMinnville quintet will meet the Blue and White players here Wednesday evening in the last practice game before the county play-off. Both games are called for 7 p. m.

Play in the county championship will open next Friday with the locals journeying to Tigard for the initial game. Last night Hilhi first and second teams played at McMinnville.

Shirley's Rival

The latest "baby star" to make good in Hollywood is vivacious 3-year-old Juanita "Baby Jane" Gutley, above, whose splendid work in a new production earned her a five-year contract, starting at a \$250 weekly salary. A popularity matching that of Shirley Temple is predicted for Jane.

Water Firm Offers Aid Local Hearing

(Continued from page one) could not stand the increased cost. Gross revenues from all of the company's properties in Oregon were less than \$300,000 last year, he said. State public utility commission was represented by Claude Lester, commission engineer, and V. H. Dunkin and D. Schultz, assistant engineers, and Hillsboro by P. L. Patterson, city attorney. President Elliott, R. E. Wiley, local manager, and J. T. Delaney, Salem manager, appeared for the water company.

The hearing was the result of a complaint filed June 16 by the city council on behalf of 90 local water users.

RAY V. CARY

Funeral services for Ray V. Cary, 40, son of T. A. Cary, were held Sunday, January 6, at the funeral chapel of W. E. Pegg in Beaverton with concluding services at the Evangelical cemetery on Cooper Mountain, under the auspices of the Beaverton lodge, I. O. O. F. No. 292.

Mr. Cary was born near Rochester, Minn., February 1, 1894, and came with his parents to settle near Beaverton in 1906.

He died suddenly at Clear Lake, Wash., January 3, 1935, leaving to mourn his passing, his father, two brothers and two sisters, Ralph G. of Portland, Walter and Mrs. Jeanette Purvis of Rochester, Minn., and Mrs. Florence Heard of Junction City, Cal.

"We have to have courage and discipline and vision to blaze the new trail in life; but underlying all our efforts is the conviction that men cannot live unto themselves alone."—President Roosevelt.

1935 Oldsmobiles Now Being Shown

New Oldsmobile sixes and eights for 1935, featuring greater size, power and economy, are now being shown at the Hillsboro Motor company showroom at Third and Washington streets. Fourteen body types are offered, seven in the six and an equal number in the straight-eight.

- Oldsmobile has retained such features as knee-action wheels, super-hydraulic brakes, ride stabilizer, center-control steering and all-silent synchro-mesh gear shifting, according to James Whitelaw, local Oldsmobile and Chevrolet dealer. In addition the new car features the all-steel turret top body by Fisher, the wheelbase has been increased to 115 inches in the six and 121 inches in the eight, and horsepower of the six has been stepped up from 84 to 90 and of the eight from 90 to 100.
- The sixes continue in the low price field while the eights have been reduced in price for 1935, according to Whitelaw.

Marriage Licenses
P. Arthur Davis of North Plains and Vera Mae Sandford of Hillsboro were licensed January 2.
John C. Gault and J. Marguerite Hunter, both of Eugene, January 7.
Ray Tallman of Raymond, Wash., and Frances Helen Scheive of Tacoma, Wash., January 8.
