

Double Main Event Slated

V. F. W. Card to Feature Canadian Grappler

Double main event, featuring a return match between Jolo Howard of Hollywood and George Backley of North Dakota and Art Perkins of Chicago, is slated for wrestling card Friday night at the V. F. W. hall here. Two fast preliminary bouts are also planned. Art Perkins, a native of Toronto, Canada, is hailed as one of the fastest, most colorful grapplers in the game. He appeared in Portland several times last winter and proved popular with fans. In Sammy George he will find a worthy opponent. Bout between Howard and Backley is a grudge match with no holds barred.

Robin Reed, "Reedsport Ruffian," and Noel Frankins Hill Military "professor," wrestled 60 minutes to a draw in a fast, rough main event to top a popular, "cracker jack" wrestling card at the V. F. W. hall here Friday night. Franklin took the first fall in 29 minutes with a body press after Reed had missed an attempt for a rocking chair split. The Reedsport Ruffian took the second fall in 17 minutes with a series of whip whistles and a body press.

The bout started fast and the going got rougher as the match progressed. Both grapplers showed plenty of wrestling and added enough rough stuff to satisfy the more rabid members of the crowd. Jolo Howard of Hollywood proved a popular performer, taking the last two falls to win over George Backley of North Dakota in a semi-windup. Backley, a smooth, experienced wrestler, took the initial fall in 10 minutes with a Boston crab hold. At this point Backley switched to rough tactics which proved his undoing. Howard appeared in a bad way, continually running into ropes twice, but suddenly turned the tables to take the second fall in eight minutes with a backward body press.

The Hollywood boy then gave the North Dakota "Tiger" a dose of his own medicine, catching him in a vicious rope twist and then bringing him down for the final fall with a Boston crab following a series of flying tackles and elbow slams. "Vic" Potter, referee, got in the road of one of Howard's flying dives and was nearly finished for the evening.

Curtain raiser went 30 minutes to a draw between "Billy Goat" Potter of Bonanza and Fred Kurtz of Sellwood. Kurtz took the first fall in six minutes with a hammerlock and Potter the second in 11 minutes with a Boston crab.

Hilhi Hoop Squad Starts Play Friday

(Continued from page one) Hilhi basketball improvement in basket-shooting, but was unable to offset the visitors' advantage. Blenkinsop was again high point man with 15 points and Giddings next with 14. Patterson was high for the locals with nine points.

Blue and White players barely nosed out a 28 to 26 victory over Scappoose here Friday. Locals led by a 10 to 1 margin at the end of the first quarter and 16 to 11 at the half. The visitors staged a scoring rally to lead by one point in the closing minutes of the game, but a Hilhi basket and foul shot pulled the game out of the fire. Cox was high with 16 points and Olson, Scappoose center, a close second with 15.

Hilhi "B" team dropped two games to the McMinnville "B's" by scores of 24 to 15 and 23 to 21 and defeated the Scappoose second team 19 to 10. The second McMinnville game was a thriller, the locals coming from behind to tie the score at the closing whistle. In the overtime period McMinnville was able to sing a field goal and eke out a narrow victory.

Table with 3 columns: Team, Player, Points. Rows include Hilhi (25) vs McMinnville (12) and Hilhi (28) vs Scappoose (16).

Moore Makes Report

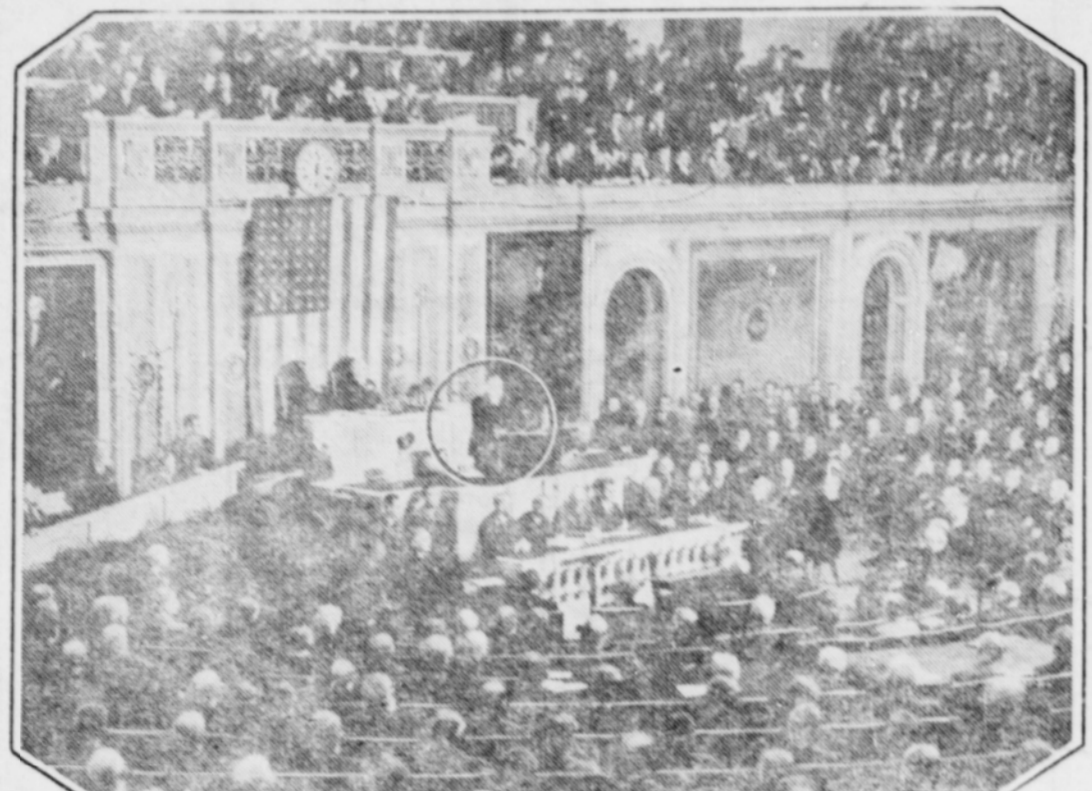

Financial report and resume of the year's activities of the chamber was made by Secretary Ed. L. Moore, who said that local business people were more optimistic than they had been in several years. He reported that the organization was receiving many inquiries from prospective settlers, but in most cases they had little financial backing. Many people, he said, are enthusiastic about coming here and feel that the rain is a real asset instead of a drawback.

Nation's Relief Units Gird to Fill Federal Jobs, Handle 'Unemployables'

Scene in the House of Representatives as President Roosevelt (in circle) delivered his message before a special joint session of House and Senate, stressing "social security" as the second phase of the New Deal.

THROUGHOUT the United States, state and city relief organizations are stirring themselves to handle the avalanche of relief demands to be turned back to them by the federal government. At the same time, local units of federal relief organizations are lining up thousands of able-bodied unemployed, for whom jobs will be provided by the administration.

All the commotion is a result of President Roosevelt's recent message to Congress. In that speech, he stressed security as the new goal of the New Deal. A federal works job was to be provided for every one of 3,500,000 family heads on relief.

The remaining 1,500,000 "unemployables" were to be taken off the federal "dole," the burden of maintaining them to be returned to the states.

"The federal government must be referred to the wild life committee," C. C. Braham, Bedell credit manager in Portland, will speak Monday on "Community Credit Policies."

H. E. Staples, who will be chairman, urged that everyone having to do with credits in local business firms be present.

A reception to the retiring members of the city administration will be held at an evening meeting for which chamber of commerce members and their wives January 28, it was announced.

State Solons Open State Legislature

(Continued from page one) nominated by Senator Dickson of Multnomah county and the nomination was supported by Senator Peter Zimmerman of Yamhill county, who took advantage of the occasion to score Corbett as a "tool of the big interests" and not in sympathy with the "New Deal."

Aitken received only five votes to vote for the Multnomah county solon and then after the result was announced, moving to make Corbett's election unanimous.

Senator Aitken, who occupies a seat in the second row of the left section in the upper house, is assisted in his duties by Mrs. Mildred Eiler of Portland, his secretary. Mrs. Eiler is in the house as secretary to her husband, Representative Ross, and Representative Hughes has as his secretary Miss Ellen Arnold of Forest Grove.

Representatives Hughes and Ross occupy adjoining seats in the fourth row on the right side of the house.

Washington county is represented in the list of house employes by H. D. Nolan of Forest Grove, who defeated the veteran Billie McAdams of Salem for the job of mailing clerk by a vote of 31 to 25.

"It is a fact that we have a solid nation. It thrills me to think how this country all ties in together," President Roosevelt.

Display Shows Values of All-Wool Materials

An interesting window showing the advantages of all wool material over cotton or shoddy wool is shown by Weil's this week. The display consists of three large back panels on which are displayed faded cotton garments and fast color woolsens. On the floor the exhibit shows cotton materials fading in water and all wool materials holding their color.

Dealing Out Justice Better days are ahead for printers with equal justice to buyers of the printed product for the printing industry of the country is operating under a Code of Fair Competition approved by the NRA. Think what it will mean to be more concerned with efficient craftsmanship and quality rather than with unfair competition, to be able to pay labor a decent wage and be assured of a price sufficient to meet these demands. No longer will the industry be the victim of brow-beating tactics. Practices such as have undermined the industry will be done away with and buyers of printing, in the future, will be assured of uniform prices, fair to both purchaser and producer. We operate under the Code and are privileged to display the NRA insignia. THE HILLSBORO ARGUS We want to be your printing and advertising counselors.
