## What Do You Expect from Your Newspaper?

The Advance Press of Springfield, Minnesota, recently asked its readers this question: "What do you expect from your newspaper?" -and answered it as follows:

Well, you expect more from your newspaper than you do from any other person or institution to which you pay the sum of 3 cents per

And You Expect All This For Per Week

No, it can't be done for that. The money you as a subscriber pay for the newspaper covers less than one-eighth the cost of publishing the pa-

Since advertisers pay a large share of the expense of publishing your newspaper, don't you think you owe them the duty to patronize them whenever they offer you equal or better values than non-advertisers?

But, in addition to the many services which the newspaper is able to give you, you have an outstanding buying advantage when you study the newspaper ads before going on a buying trip. The ads point out money-saving values. Articles and services are naturally outstanding WHEN ADVERTISED. No advertiser cares to invest money in telling you about unattractive buys. His advertising carries the VALUES that will bring you to him, to make pleased and steady customers.

Newspaper readers, newspaper advertisers and the newspaper itself are closely linked together in helping one another and in helping the community-and all profit thereby.
