WHAT WOULD HAPPEN?

Who would repay you? Who would buy back the jewels and valuables you treasure? If you are ROBBED TONIGHT—YOUR HOME RANSACKED—will your THEFT INSURANCE cover your losses?

Perhaps your tire wear is okay. Perhaps your brakes are giving efficient, long service. Maybe you have no complaint about the way your truck is standing up or

handing. Even so... the new Ford Forward Load Distribution will improve on all these. In addition, you can now use full-width semi-trailers—and make acute angle turns.

No other truck in America, regardless of price, offers the combination of features brought to you by the 1935 Ford V-8. Don't fail to test these trucks on your own job, with your own drivers!... 131½ and 157-inch wheelbases.

FORD GAVE YOU THE V-8 TRUCK ENGINE

... THEN THE FULL FLOATING REAR AXLE

Now Forward Load Distribution

Obtained by mounting front springs ahead of axle and moving V-8 engine forward. This places more load ahead of rear axle, more weight on front end.

Another ADVANCED TRUCK FEATURE

TRUCKING entered a new era of economy when Ford engineers gave you the V-8 truck engine, the full-floating rear axle and the other truck-built features that are today saving money for thousands of Ford V-8 users.

For 1935, Ford engineers have added improvements that enable you to make new demands on your truck—that will further reduce your operating and maintenance cost.

Perhaps your tire wear is okay. Perhaps your brakes are giving efficient, long service. Maybe you have no complaint about the way your truck is standing up or

handing. Even so... the new Ford Forward Load Distribution will improve on all these. In addition, you can now use full-width semi-trailers—and make acute angle turns.

Learning Fast
"Well, what are your views on matrimony—now that you have been married a week?" a friend asked of the happy groom.

The happy groom responded, "I've got far enough to discover that it is much easier to follow a woman than it is to lead her."—Ex.

A naval officer fell overboard. He was rescued by a deck hand. The officer asked his preserver how he could reward him.

"The best way, sir," said Jack, "is to say nothing about it. If the other fellows knew I'd pulled you out, they'd chuck me in."—Ex.

President Roosevelt at 53

This unusual character study of President Roosevelt, taken on the eve of his 53d birthday, Jan. 30, reveals that the strain and worry of handling one of the hardest jobs in the world have failed to leave their stamp upon his expression. The chief executive appears as hale and vigorous today as when he assumed the presidency.
