NOT FOR SALE

With one stroke sweep from off the whole earth all that we call civilization; cities, villages, schools, hospitals, railroads, factories; sweep it all out. Then fill the earth with tribes that are fierce and cruel, killers all. And what have you left?

You still have left the Unchanging One, the Lord Jesus Christ, the same yesterday, to-day and forever. He can never die nor be swept out. Now as on the day of Pentecost, give Him again the one hundred and twenty who were utterly yielded to Him and into whom he breathed his living self. And as He commanded that other band, now let him command these—"Go ye therefore and teach all nations—and lo, I am with you always."

See them go forth; see the convicts come; see the institutions and constitutions and civilizations spring up; see the hills clap their hands and the mountains break forth into singing.

What are we saying? Just this—that Christianity is not a set of rules that men must keep. It is not climbing a ladder of good deeds up to heaven; it is not something you get by first being good and that you keep by being good afterward. Then what is the Christian life? It is a life that comes to you from the outside in; an imparted life, even Jesus Christ himself imparted to you and living within your human body with you. And changing you from glory to glory.

It is by a new birth; only sinful men ever get it; Christ came into the world to save sinners; "by grace are you saved."—"By the grace of God I am what I am"—the Apostle Paul.—George N. Taylor, Beaverton. Paid Adv.

Grove Undertaker Plans New Chapel

Construction of a new funeral chapel at Forest Grove is planned by Harley W. Prickett of the Forest Grove Undertaking company. The new structure, which will be a two-story, hollow-wall concrete building, is expected to cost about \$10,000.

Removal of the present funeral home to make way for the new building will mark the end of one of the landmarks of the city. It was built about 80 years ago and was known for a long time as Sloan's hotel. While the new chapel is being constructed, Prickett will use quarters across the street.

Preston Estate Valued at More Than \$25,000

Does Your Advertising Get An Effective Reception?

Advertising is an effective force that any business can employ.

How effective it is depends on the copy and the number of readers . . . the number of readers depends on the method used by the advertiser.

Does it go through the mail? Is the hand distribution dependable? Will it reach the homes? Will it go into the home after delivery?

These are vital questions any advertiser should ask himself before spending hard earned dollars for circulation of any advertisement.

There can be only one answer!

TO GUARANTEE 100% CIRCULATION of an advertisement IN THE HOME it must be placed in a publication that has a public demand . . . A DEMAND TO THE POINT THAT IT IS PAID FOR!

If that kind of publication fails to arrive on time, there is a hurried call to the newspaper office for a copy to be sent out . . . because the subscriber pays for it and wants it.

Your advertisement associated with that kind of a publication GETS INTO THE HOME! Results? Well, that's up to the ad "copy" . . . its appeal.
