This Week's Patterns

A FEATURE that makes the morning frock, Pattern 464, unusually attractive is the clever arrangement of buttons on the waist to provide a fastening for the matching apron. Percale, gingham, or chambray is suggested for this model, for which patterns come in sizes 34 to 42. Size 38 requires 5 1/2 yards of 35-inch fabric with 9/16 inch bias binding.

Soft, contrasting revers that fall gracefully heighten the full charm of the smart frock, Pattern 446, when made of lace. The sleeves are fitted with a slash opening at the wrist.

Patterns are sized 34 to 45. Size 38 calls for 4 1/2 yards of 39-inch satin or silk, and 1/2 yard contrast.
