A cast of ten professional singers, several of whom have appeared in this opera before, and a chorus of 40, will dance and sing their way through the merry greenwood antics of the outlaw band to the strains of deKoven's melodies. FOR YOU TO SAY

Even the very hairs of your head are numbered, says Jesus Christ. Not an ant crawls nor a daisy blooms but by the power and design of God. Not a sun blazes in the heavens but by him, for—"The heavens declare the glory of God." And this God can make himself known to you, for the invisible things of him from the creation of the world are clearly seen. How seen? They are understood by the things that are made. The invisible things of God, his eternal power and God-head, are clearly seen in all creation. Just open your eyes and look about. Not a blade of grass grows but by his intent, power and will. He not only reaches you through the eye but he can also touch your soul. He can make you heavy until you cry out for deliverance from your eternal misery and uncertainty. Except in one realm, God rules in all the universe. Everywhere he takes to himself the say except in the circle of your own human will. Into this he will not come. You can go down to the pit or up to the throne. He leaves it up to you. You must say. And now is the day. "Now is the day of salvation." Yes, Lord—"Just as I am without one plea, but that thy blood was shed for me, and that thou bidst me come to thee, O Lamb of God, I come to thee."—George N. Taylor, Beaverton. Paid Adv.

MONEY Homes are built with money—Generally with some one else's money.—Money has not been available for home building recently.—Why? Largely because so many homes of questionable character were built, went back to finance companies and could not be resold for enough to cover first mortgage.
