Easter Program Held Sunday Afternoon at School

(By Mrs. J. C. Smith)

HAZELDALE—the community club held its monthly card party Saturday evening. Ten tables of "500" were in play. Honors were won by Mrs. Max Berger and Max Berger, Mrs. Joe Busch of Aloha and Mr. Nickstrom of Huber, second. Club will meet this Friday evening. Officers will be elected and all members are urged to attend.

Mr. and Mrs. L. B. Taylor had as their house guest last week Miss Sharley Taylor of Portland.

Easter Observed

Easter was observed Sunday afternoon instead of the regular Sunday morning Sunday school. The school house was beautifully decorated with spring flowers and a fine program was presented by the children. Songs were given by the primary and intermediate classes. The boys of the intermediate class presented a play entitled "The First Easter." Other numbers included a duet by Misses Denny and Doughty of Beaverton, duet by Malcolm and Harley Newton, and several other vocal and literary numbers.

is not enjoyed by even the governor's most ardent supporters. Cook's explanation that his visits are "purely friendly" lack a lot in explaining his stand-in with the democratic administration.

Reorganization of the milk control board this week came as a bolt out of the blue. While the removal of E. G. Harlan of Eugene was expected it was generally believed that the other two members of the board—Burge Mason of Klamath Falls and O. M. Plummer of Portland—would be retained. The milk co-operatives were known to be after Harlan's hide, especial-

Touring Sedan Newest in Ford Line

NEWEST and most luxurious of the Ford V-8 cars for 1935 is the Ford touring sedan shown above. A commodious built-in trunk which is an inherent part of the car

design adds to its graceful proportions, and leaves the interior free for passengers when traveling. The Ford touring sedan is richly upholstered and fitted with de luxe

appointments. The car is roomier than any previous Ford sedan, seating six persons comfortably. The new touring sedans are available in both Fordor and Tudor models.

Other characters in the play are Bill Woods, Mildred Twoby, Alda Lehman, Lois Russell, Vera McElroy, Ray Markovich, John Hansen and Markey Sayre.

SPEED MEANS POWER

Star athletes have thrown the 16-pound shot nearly 53 feet, but a man, if he had the energy of an average-sized car going 40 miles per hour, could put the shot 44 miles, states the Oregon State Motor association, sponsor of the "Let's Quit Killing" safety campaign. He could throw it nearly 10 miles if he had the energy of a car going 60 miles per hour. The faster you go the greater the hazard.

Dust Storms Ravage Midwest

This deserted farm at Beaver, Okla., its once-fertile fields buried by drifts during dust storms which have been sweeping the country, is a mute testimonial of the damage wrought by the "gray terror." Continuance of the storms, ruining vast acreages of farmlands, has brought to Washington a deluge of pleas for federal aid.

Blooming Man at Home for Easter

BLOOMING—Bern Anderson spent Easter at home with his family. He is employed in Eastern Oregon digging wells for the government on an Indian reservation. He states that much of the drilling is through rock and that the depth of the wells is anywhere from 287 to 804 feet. They are now working on their eighth and last well and will soon begin the erecting of windmills.

The Identifying Mark to Look for only A. B. C. Papers can use it!

Unfortunately, there isn't one characteristic in its physical appearance that signifies how many copies of a newspaper are printed, read and paid for.

There is however, an identifying mark that was first used twenty-one years ago which PROVES the circulations of newspapers that are authorized to carry this statement: "Member Audit Bureau of Circulations." Over a thousand newspapers, representing over 80 per cent of the total newspaper circulation in the United States, are members of the Audit Bureau of Circulations. (A. B. C.)

To enjoy membership in the A. B. C. publishers' circulation records must be complete and accurate in all details. Strict accounting must be made of every paper printed, showing where each copy was circulated — how each subscriber was obtained — whether or not the subscriber is paid or in arrears — or, whether the paper was given away without order or payment. Then the all-important information: HOW MANY copies are read and paid for?

All these facts are secured by an impartial A. B. C. auditor from his regular annual inspection of an A. B. C. member's circulation. It is passed on to the advertiser in the form of a yearly A. B. C. audit report, the latest of which concerning this newspaper is now available.
