Almost every detail of the 1935 Ford V-8 contributes in some way to the car's safety. In these days of crowded roads and fast driving, eight outstanding Ford V-8 safety features deserve your particular consideration.

1. Safety glass all around, at no extra cost. 2. More powerful and positive brakes, operating with less pedal pressure. 3. A welded-intoone-piece solid steel body. 4. Ford transverse springs, without a peer for safety. 5. Better traction with big air-balloon tires. 6. Much stronger X-type frame. 7. New weight distribution that

gives better balance and co trol. 8. Ford quick acceleracommand in tight places.
