Interest Cut Made in Act

Temporary Slash Land Bank Loans Announced Here

That interest on Federal Land bank loans has been temporarily reduced as a result of the Farm Credit act recently signed by President Roosevelt was announced this week by J. M. Person, secre-tary-treasurer of the Washington County National Farm Loan as-sociation. The rate will be 3½ per cent for the year beginning July 1, 1935, and ending July 1, 1936, and

That collection of installments on farm loans was showing improvement was the declaration of Per-son. While there are still considerable delinquent loans, the fact that the local association has only taken two farms in 18 years of loaning money aggregating over a million and a half dollars, indicates that farm loans in Washington county are about as high grade a security as there is anywhere.

This will affect all loans heretofore and hereafter made by the Federal Land bank of Spokane, regardless of the rate of interest specified in the mortgage. Interest payable on installments occurring after June 30, 1938, will return to the original contract rate.

Original contract rate at this time is 4½ per cent, but has varied during the last 18 years from 5 to 6 per cent. The difference between the contract rate and the 3½ per cent temporary reduction is to be made up by off-set payments from the Federal Treasury.
