Oregon Group Enlarges Plan

Columbia Empire Industries to Promote Northwest

Oregon Manufacturers' association, "depend upon industrial conditions at home. At present a large percentage of our raw materials are being sent to other sections of the country, because of our limited manufacturing facilities. We need more factories and larger payrolls to use the many products of our forests, fields and streams. Nature has given us the means of establishing an industrial center in the ishing an industrial center in the Columbia Empire district, the United States government has tak-en advantage of this fact and built continue developing these assets and create a market for our products near at home. "Commerce," continued Manager

Baker, "cannot be limited by state lines no more than a river can have only one bank. Manufacturers must serve the entire territory so that the producers will have more markets for their products. For years the Oregon Manufacturassociation has been advocating 'Buy Oregon' through a series of campaigns, and have done much ing Friday night. An educational to build industry in our state. Now discussion was led by Arthur Gur- we are enlisting the strength of our neighbors, and we hope to accomplish still more, not only
