

Social Held at Cornelius

Lutherans Picnic; Birthday Party for Henry Haase

(By Miss Dorothy Cooke)
CORNELIUS—An ice cream social was held Friday evening at the M. E. church, sponsored by the Epworth League. The room was arranged as a Japanese garden. The small tables held bouquets of gladiolus and the effect was completed by a radio and the burning of incense. Georgiana Jones, Helen Milne and Ruth Price costumed in Japanese gowns served. Those in charge wish to thank the community for the co-operation in making the social a success. Ten dollars was cleared.

Hold Annual Picnic

Members of the German Lutheran church enjoyed the annual picnic at Rippling Waters Sunday. The Young People's club of the St. Alexander church also enjoyed their annual picnic at Rippling Waters Sunday.

Zelma Linden, John Linder and Mr. and Mrs. Albert Toelle visited Mr. and Mrs. Albert Linden on

Properly Stowed Bags Add to Comfort

Comfort, pleasure, and safety on a tour depend largely on efficient loading of the luggage, and modern body designs have done much to ease the problem, as these views of Chevrolet models reveal. In the upper left view, the suitcases have been fitted in snugly, the adjustable front seat having been moved forward to allow extra leeway, and the driver is now pushing back the seat to clamp the bags in place for the day. Upper right, the tourist is utilizing the baggage space back of the rear seat. The two lower pictures show the loading of a coupe compartment and a sedan trunk.

Rock Creek Folk Picnic at Park

(By Mrs. P. Pesolati)
ROCK CREEK—Friends and neighbors of Mrs. J. H. Berger, Mrs. Helen Benson and Ray Ram-sauer met in Columbia park July 21 to celebrate their joint birthday. About 60 people were present. A pot luck dinner was served and swimming was enjoyed.

CADY MOTOR CO.

Hillsboro, Oregon

Mr. Dairyman, Did You Know?

- That the skeleton of a 1,000-pound cow contains about 60 pounds of minerals?
- That the body of a calf requires about 10 pounds of minerals?
- That over a period of ten and one-half months a cow's milk will use from 30 to 40 pounds of minerals? That this must be properly included with the cow's food?
- That a shortage of minerals in her diet while carrying her calf and during her heavy production will make her rob her body, thus lowering her resistance to disease?

MINERALS NOT ENOUGH

Minerals to do the work required must be scientifically balanced as to Calciums, Phosphorus, Nitrogen, Iodine, etc. SUPREME MINERAL FOOD COMPOUND, Supreme Dairy Feed and Dairy Feed containing Supreme Mineral Food Compound will meet every requirement for heavy production as well as keeping your herd in good health and disease resisting condition.

Your local independent batchmixer has a pamphlet telling you something about abortion—it is yours for the asking.
