Gotter, where they renewed a friendship dating back to the time when both families lived in the Coos Bay country. An item in the Hillsboro Argus brought to the attention of Mrs. Bunnell the fact that the other family was living in the nearby community, and was responsible for the happy reunion. The heat of the past few days has done considerable damage to the fruit on the trees, much of the apple crop being burned and falling off. There has been no report, however, of injury to young chickens and rabbits, as in other communities. Corn is doing well.
