South Tualatin

W. D. Garrison of North Bend visited here last week. He said that the coast highway bridge under construction there is nearing completion and will probably be finished early next year. The building of the bridge, and the recent establishment of the plehared fishing industry on Coos Bay, are making the community boom, and business is equal that of several years ago.

First rehearsal of the play selected by the South Tualatin Juniors, was postponed until the next meeting of the club, as the books which had been ordered failed to arrive. Next meeting will be Friday evening, having been selected as a better date for meetings than the original Wednesdays. October meeting of the general club was also omitted by popular vote and further meetings are optional. At Friday's meeting the engagement of John Leibenow and Esther Swope was announced. The wedding will occur in the near future. Plans for the entertainment

...but, after all is said and done, it's the cigarette itself that counts

... the question is, does it suit you?

Now, when it comes to a cigarette that will suit you... you want to think whether it's mild, you want to think about the taste

That Chesterfields are milder and taste better is no accident...

The farmer who grows the tobacco, the warehouseman who sells it at auction to the highest bidder, every man who knows about leaf tobacco will tell you that it takes mild, ripe tobaccos to make a good cigarette.

In making Chesterfields we use mild ripe home-grown and Turkish tobaccos.

Outstanding

.. for mildness .. for better taste
