From the Gas Co's home economist. Where did you The showed me any number of learn that clever cooking tricks ... all so easy with this new idea? GAS RANGE.

**Modern Gas Ranges offer** so many conveniences. Be sure you know them all!

Any woman who purchases a modern gas range can cook delicious meals on it right away and without instruction!

However-we are always glad when you ask one of our home economists to call, Mainly because new gas ranges offer more conveniences than other types of ranges And we want you to get in the habit of using these conveniences to the fullest extent-not to be cramped in your cooking style as you were with your old range.

We want you to remember that Ports fland gas affords an unlimited number of cooking temperatures. That each is anstantly available. That Portland gas gives you more heat

for every dollar's worth you buy than does any other convenient fuel. That your oven heat control will do your oven watching for you. That rock wool in-

sulation keeps the heat inside the oven

That top burners light automatically. That the new simmer burners make waterless cooking easy and save gas at the same

where it's needed.

In addition, we want you to know the new cookery methods that are simple, timesaving and money-saving with Portland gas and a new gas range.

Look at your present range Is it old? Wouldn't

you be happier and more efficient with a beauti-

ful new gas range? Of course you would! Visit

a dealer's or our showrooms today Note the new

models, reasonable prices, and convenient terms.

PORTLAND GAS & COKE COMPANY
