

Title "First Citizen" Given to Mr. Phelps

To the accompaniment of vigorous applause, a resolution that "youth's ideals of citizenship were best exemplified in this community by the Honorable Orange Phelps" was ratified at the convocation of Hillsboro Christian Council on Monday evening in the chamber of commerce rooms, and the ex-mayor was officially given the title of Hillsboro's "First Citizen." The resolution was presented by Mack Grogan, Sir Galahad of 1935, representing the Associate Boys, whose election of Mr. Phelps to the honor was thus approved by the joint meeting of all nine chapters affiliated in the council. Judge R. Frank Peters and O. B. Gates were also named by the boys of college age as "Good Citizens."

President LuVerne Abendroth of the Vikings, oldest chapter of the council, presided. Before the adoption of the resolution short extemporaneous speeches were made by Mayor J. H. Gates, City Manager George McGee, ex-Councilman Jake Weil, Glen Gray and Jonathan Weldon of the Associate Boys, and Nolan Furrow, Glen Sandford, Jeanne Abis, Margaret Carfield, Alvin Mohr and Vincent Phelps, of the high school age chapters. All remarks were on the topic, "What Constitutes a Good Citizen." Mr. and Mrs. Phelps were council's guests during the evening, as was Mrs. Jake Weil.

Second half of the convocation was a memorial to the late H. Delbert Turner, associate member of the Vikings, by an impressive ceremony conducted by LuVerne Abendroth, J. Robert Patterson, past president of the council; Richard Abis, president; Wayne Emmott, president of the Vikings in 1928; Louis C. Lomax Jr., Sir Galahad of 1932. Mr. Turner's name was transferred to the roll of Paradise chapter.

Convocation was the official opening of the second half of the school year's activities of Christian council. All meetings of chapters will now point toward the May festival with the selection of this year's Sir Galahad and the recipient of Mary's Rose as the chief features of the May Queen's court. Other public affairs planned are an exhibit of old bibles and church books of various faiths, during the week before February 22, Brotherhood day, and a convocation in March, at which time Marshall N. Dana of Portland will be the speaker.

Mrs. Grayes Gifford Hughes has accepted the advisories of Alpha girls' chapter. Mrs. J. O. Crandall is reported as recovering from a recent operation and will soon return to her advisory position with Sigma girls' chapter. Vikings will begin the new semester with a social meeting at Pilgrim House Sunday afternoon and evening, and the House will be closed to all except Viking members during that time.

Pilgrim House, Council headquarters, remained open all night Monday, after the convocation session, for the reception of the radio broadcast of the funeral of King George V, official head of the Church of England. Chapter members have all been urged to participate in the President's ball, to be held this evening, altho the Mothers' Association will sponsor a card party at the House beginning at 8 o'clock.

Mrs. L. T. Woodward, Mrs. E. W. Meyer, Mrs. Abis and Mrs. Fritz Abendroth have been named as a committee to arrange the party. Mrs. Hazel Crittenden was named last Thursday evening at the Mother's meeting, by Mrs. Fred H. Caldwell, president, as hostess for the next meeting.

AVOID COLDS AND PNEUMONIA

(By Oregon State Board of Health)
This is the season of the year when colds are most prevalent and when, if neglected, they are most likely to result in more serious conditions such as pneumonia. While it is true that there is no specific means of preventing pneumonia, there is probably no other disease which can be prevented in as many instances by simply applying a little common sense. Pneumonia too frequently follows a "common cold." During the winter months the common cold plays havoc with people of all ages, of both sexes and at all economic levels. The common cold causes more loss of time in industry, mercantile establishments and schools than any other disease. More than an average of two days yearly for every person living in this state are lost by disability caused by colds. Yet few people take the cold seriously enough. The common cold is a serious condition because it lowers the resistance so that sinusitis, bronchitis, pneumonia, tuberculosis and other diseases may develop.

The common cold is probably the most prevalent illness to which man is heir. Extensive studies have been made, the net result of knowledge being that if one is in close association with a person with a cold, one is pretty sure himself to develop it. It is probably most highly communicable in the early stage, but not for its entire period. Contributing factors, as seasonal variation, changes in body temperature, and lowered resistance of the upper respiratory mucous membranes, probably play a part in the spread of the common cold.

Prevent colds and pneumonia by proper personal hygiene. Rules for avoiding colds are few and simple: Avoid all uncovered acts as in

No Business

Of course there isn't—for the concern that won't try to get it. It has often been repeated that you must spend money to make money. To get business today you will have to spend money where it will do the most good. That's where THE HILLSBORO ARGUS enters the picture. Recent merchandising events in Hillsboro have added emphasis to this statement—"Decide to give the public real values and then tell them about it forcefully and you will do the business." You have to do the deciding and then THE HILLSBORO ARGUS will do the telling.
