EVEN expensive cars do not have all the high-priced mechanical features listed below not in any one make of car. To get them all, outside of the Ford V-8, you would have to combine six or seven of the best cars built today ... Yet you can buy a 1936 Ford V-8 for as little

That's why, without even considering the beauty and riding comfort of the 1936 Ford V-8 or the low cost of Ford upkeep, it remains a fact that here is the most underpriced car in America ... judged on mechanical features alone.

Before you choose any 1936 car, learn at first hand what these features mean in performance, in comfort and in long-term economy . . . See
