before the election, which is May 15. This would make the final filing date March 31.

Registration books are open to those who failed to register before the special election in January and voters are urged to see that their registrations are completed as rapidly as possible to avoid the rush which always develops a few days previous to the closing of registrations. Registrations will close on April 14 and none will be taken in the office of the county clerk or any of the assisting registration offices over the county after that date.

Robert H. Kelly, Hillsboro insurance man, Tuesday afternoon announced himself as a candidate on the republican ticket for the nomination for county clerk. His is the first announcement for this office. His statement follows:

"I am a native Oregonian, born on a farm above North Plains in this county. I lived on the farm until 16 years ago when my family moved to Hillsboro, where I have resided ever since. I attended Arcade school, Hillsboro grade and high schools, and the University of Oregon. When in Hillsboro high school, I was elected class president two years and have since served two years as president of the Hillsboro High School Alumni association.

"During the past three years I have been active in the general insurance and bonding business with offices in the stage depot in Hillsboro. I am married. Am a member of Hillsboro Chamber of Commerce, Hillsboro Club No. 1 for the last two terms and am a member of the Masonic order. "If elected, I promise Courteous and Efficient Service."

Many Enrolled in 4-H Club Groups; P.-T. A. Sponsors

One hundred and one children between the ages of 10 and 18 are enrolled in Hillsboro 4-H club work this year. Fifteen clubs have been organized where only seven were active last year. Four clubs are doing advanced work. This growth is largely due to the cooperation of schools and Hillsboro Parent-Teachers' association, who are sponsoring the work for the second year. Mrs. E. M. Bowman is promoting the clubs for the P.-T. A.

Eleven clubs meet in school time in the junior high, two girls' clubs meet outside of school and two boys' clubs meet at the union high shops.

The success of these groups and the number who complete the year's program depends greatly on the leaders who voluntarily give their time to the children. Fifty-eight boys are enrolled in eight clubs. The four camp cookery clubs are led by Mrs. H. Hadley, Mrs. B. M. Goodman, Mrs. H. H. Starnard and Mrs. Jake Lentz. The Bachelors sewing club is led by Mrs. W. S. Everett. Mrs. J. L. Searcy is leader of the Home Beautification club, a new group sponsored by the Hillsboro Garden club. The two builders' clubs are directed by Walter Henry and Maurice M. Romig.

The 42 girls are enrolled in seven clubs. Mrs. Frank Tri, Mrs. Mary Christensen and Miss Branch Britton are leaders of sewing clubs. Home-making is led by Miss Eleanor Bender and three cooking groups are guided by Mrs. E. H. Kidney, Mrs. C. Duxbury and Mrs. Rene Meltebeke.

This does not show all who are doing 4-H club work, as many are doing individual work and some high school pupils work in the districts in which they live. One agriculture club is yet to be started when a leader for it is found. They plan to study calves, rabbits, poultry and goats.

sugar factory next door to saw-mills in the northwest and the loss to agriculture of sugar beets and other vegetable crops from which sugar was made.

Financial assistance for the establishment of the alcohol plant in Hillsboro was hard to get, he said, and he had been disappointed many times. Eastern capital will not do the work, he declared, it must be done here or not at all.

Preceding the Forrester talk, Richard E. Wiley called atten-

tion of the chamber to the Hillsboro night at Aloha which will be Wednesday evening, March 18, when Aloha Grange will entertain Hillsboro business men and their ladies.

J. J. Wismer acted as program chairman, introducing the speaker.
