Plan Benefit for Helvetia

Band Dance March 7; Two Attend Scout Meet

(By Mrs. John M. Davidson) HELVETIA—Helvetia community band will give a program and dance at the Helvetia hall March 7. A feature will be a two-act play, "The Right Answer," with other numbers during intermission. This program and dance is given to raise funds to carry on band practice here. New music is needed and the band has bought several of the instruments used. Joseph Wenzel, bandmaster, and some of the older members of the band are giving the young folks in this community an opportunity to learn music. Anyone who is musical and has an instrument is welcome to join the band. Let's get behind this movement and give it a boost by attending the program, say friends of the band.

Sunshine club met with Mrs. J. Pritchard of North Plains February 12, with Mrs. J. Bernard and Mrs. C. Spiering as assisting hostesses. The weather was very fine, 29 members were present. A supply of stamped goods has been bought to be made up for the annual bazaar. Sick committee reported that two specialists from Portland visited Mrs. K. Loucks at Sheffield recently and took pictures of her infirmities, which are unusual. Mrs. Bernard and Mrs. Spiering are on the sick committee this month. In the program Barbara Spiering mimicked Fritz the Dutch Boy with talent. Next meeting will be with Mrs. Pete Yunker at West Union with Mrs. Bellinger and Mrs. H. Jacobson assisting hostesses March 18.

Several sleighing parties were held at Jackson Falls last week. The school attendance is almost the same again and no new cases of measles are reported.

Boy Scouts finished constructing a bridge and are able to put it together in record time.

Joseph Wenzel and Elmer Guerber attended the scoutmaster's banquet at Multnomah hotel Tuesday night.

George Morgich, Matilda Morgich and Mrs. Goltz of St. Helens visited Mr. and Mrs. Matt Mercep Sunday.

Vincent Bishop left Portland Monday on the S. S. Michigan en route for Shanghai, China. He has made his home here with his uncle, Henry Bishop, since his father, Fred Bishop, died.

Only One Low Priced Car is FIRST in Everything That Counts ... TERRAPLANE JUST COMPARE THIS with THIS. Terraplane alone among all popular low priced cars gives you this: Full 115-inch wheelbase. 195 inches over-all length. Most power—88 or 100 horsepower—with freedom from vibration at all speeds. Body all of steel, with seamless roof of solid steel. Most inside room—145 cubic feet—more leg and shoulder room, and widest rear seat. Completely new style—best insurance of the investment value of your car. The only rear opening baggage and tire compartment on 5 and 6-passenger models that can be had in any low priced car without extra cost. Spare tire lies flat inside. Duo-Automatic Hydraulic Brakes (patent applied for), two braking systems operating automatically from one brake pedal. And a third braking system from the easiest operating parking brake in the world. Extra deep "V-type" windshield—for added beauty and wider vision. In every other popular low priced car this is what you get: 2 to 6 inches less wheelbase. 5 to 12 1/2 inches less over-all length. 3 to 18 less horsepower than Terraplane's 88—and not nearly as smooth. Body only partly of steel—or steel body with "soft-top." Less inside room—less shoulder and leg room—narrower rear seats. 1935 styling, changed only in details. Far more likely to be out of date by 1937. No rear opening baggage and tire compartment, except in cars where trunk models are available—at considerable extra cost. Spare tire mounted outside on all other models. Single main braking system—either hydraulic or mechanical—without complete reserve braking system and without Terraplane's type of easy acting parking brakes. Nothing like Terraplane's deep "V-type" windshield in any other low priced car. The list of Terraplane advantages doesn't stop with those listed here. There's greater ruggedness, proved by owner mileages of 125,000, 150,000 and more. Greater economy, too, certified by thousands of sworn owner statements... emphasized again just the other day in the Los Angeles-Yosemite Economy Run when a Terraplane averaged 23.95 officially certified miles per gallon over a tough 352 mile stretch on mountain roads. And dozens of other features... all at a price down with the lowest for the model you want. Come in and see and drive a Terraplane. 88 or 100 H.
