FARMALL

12

The new FARMALL 12 displaces four or more horses in field work. Pulls a 16-inch or two 10-inch plow bottoms. Plants and cultivates 25 to 33 acres a day. Now ready for fall plowing, belt work, etc. /

THE thrifty all-purpose McCormick-Deering Farmall 12 is exactly suited to small farms and small fields. It extends the enormous benefits of Farmall farming to any farmer of limited acreage, and it is a handy unit for large farm operators who need auxiliary power. It weighs little more than a ton, yet it does as much work in a day as four or more horses.

Let the new Farmall 12 apply its power to your work. Its utility, performance, and ability to cut costs will prove a pleasant surprise to you.

Come and see it now in our store. We also have the Farmall in two other sizes.
