Calling All Voters Friends, the platform that I stand upon does not contain very many planks. However, my planks have been selected with great care from sound, seasoned, durable material to which I most conscientiously invite your most thorough inspection. In my ballot slogan are a few of my planks.

Here they are: "Loyalty's my platform," kindness not outdone, Townsend plan, or a better one." My other planks are: Strict economy, courteous treatment to all, the ready hand of cordial fellowship, a tireless energy to befriend, accommodate and serve you at all times—all interwoven with a rugged honesty that never betrays confidence or trust. All my time will be devoted to your welfare and the studious management of an exemplary office.

Qualifications: Section foreman, census enumerator, county clerk, clerk district court, recorder, abstractor, village official, Twelve years inspecting fruits, berries and vegetables, and two years as can

### WESTCO TURBINE WATER SYSTEMS

If your well is too deep for the average shallow well electric pump—here's good news!

Westco Turbine Water Systems pump water from wells with water levels as low as 25 feet below the pump.

Even if the water level or 24 feet—droughts, etc. may cause it to drop lower any time. So, when you buy an electric pump, remember Westco pumps all the water you need from depths as great as 25 feet.

There's only 1 moving part in a Westco. Think of it—no belts, no gears, no valves, no rods, no pistons, no springs. In fact, nothing to wear and get out of order. Owners swear by its "year in and year out," trouble-free operation.

Get FREE Folder Come in and get your copy of Westco's FREE illustrated folder. It answers all questions about this extremely simple, trouble-free water system.

# Flick your finger ...gears shift!

Shift with both hands on the wheel... with the Electric Hand

COME in for a "Discovery Drive" in a Hudson or Terraplane with the Electric Hand. See what it means to shift gears at a flick... smoothly and surely... with both hands on the wheel and both eyes on the road.

Then let us show you FOUR MORE ways in which the Electric Hand makes driving almost magically simpler, easier and safer.

No Levers to Stumble Over

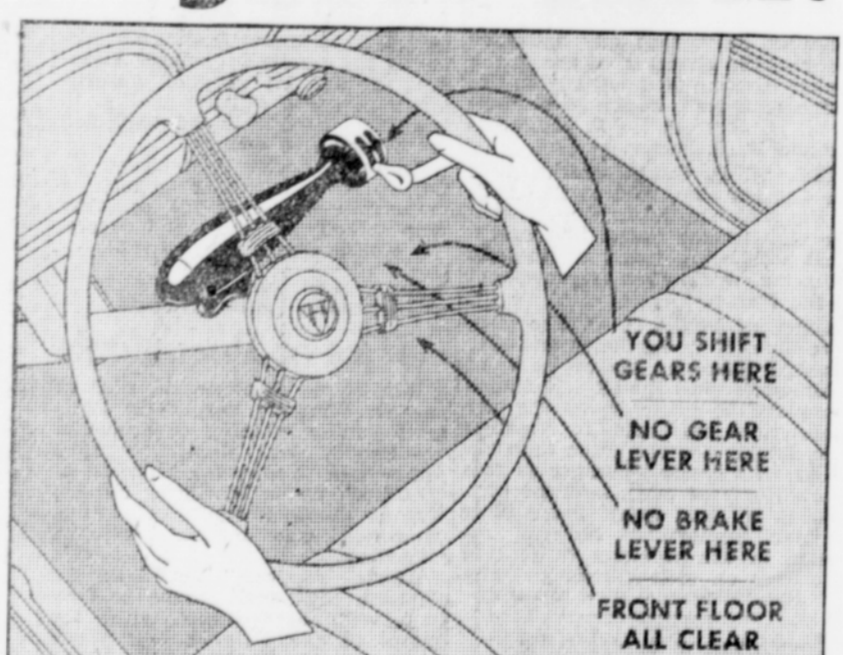

Now you can enjoy a front seat ride with no gear or brake lever in the way... with the floor all clear. A front seat, at last, in which three can stretch in comfort. That's another Electric Hand advantage.

At the wheel of a 1936 Hudson or Terraplane, you'll soon find many other reasons why these cars are growing so fast in popularity.

You'll discover more power, and smoother power, than you find in cars priced hundreds of dollars higher. More room, too... in the biggest cars ever priced so low. With the newest, most advanced style of the year and many new comfort and safety features found on no other 1936 cars.

Then let us show you what others have discovered about the amazing economy and long life of Hudsons and Terraplanes. The proof is waiting... come and see.
