Winners Given Poppy Poster Contest Conducted at Banks

(By Miss Mary Sandy)
BANKS—The poster contest sponsored by the American Legion Auxiliary was entered into with much enthusiasm by the Manning and Banks grade schools. The posters were all done exceptionally well and the judges had a hard job of picking the winner. Chester Thompson of Banks won the prize for the fifth and sixth grade division. His poster depicted a Soldier's home with a soldier in front of it, blowing taps in the rear of the building. There was a large red poppy. Gladys Cop and Ione Bateman of Banks, working together, won the prize for the seventh and eighth grade division. Their poster portrayed an open book. On one page was a trench with the soldiers going over the top and one falling dead. The other page showed a row of crosses. Back of the book was an American flag and a red poppy. The winners were given a dollar bill as prize. The judges were Mrs. Emma McKinney of Hillsboro, Mrs. Chris Rieben and Miss Hazel Paetsch of Banks, Mrs. McKinney, introduced by Mrs. Russell Thatcher, gave a short talk on the merits of each poster. Punch and cookies were served by the auxiliary women to the pupils and teachers and to all the friends, who were present.

Antrim Tells of His Qualifications

Ray L. Antrim of Aloha, candidate for democratic nomination for representative, issued the following statement:

Ray L. Antrim, democratic candidate for state representative from Washington county, is a native son of Oregon, born near Wheatland

in 1872, and has, with the exception of two years, lived in this state all of his life. He received his education in the public schools of Yamhill county, McMinnville college, and the Willamette university. He taught school in Latah county, Idaho, when 18 years old and afterward taught in Yamhill, Clatsop and Marion counties.

He served with Company K, 2nd Oregon Volunteer Infantry, in the Philippine Islands, and was in the U. S. railway service nearly 23 years. He is a member of the Christian church, the Veterans of Foreign Wars, and the Aloha Grange.

He states that he is opposed to a sales tax and considers the passage of such a bill by the legislature to be an insult to the voters' intelligence.

He is opposed to the issuance of bonds unless an actual necessity exists and believes the people should be the only judge, that money paid for interest is money thrown away as far as benefits to the taxpayer is concerned and that existing bonds should be paid (not refunded) as fast as they mature and thus stop the useless expenditure of the taxpayers' money.

The present Pauper's Pension or dole is humiliating to the receiver and should be replaced by an honorable pension sufficient to maintain the pensioner in comfort and provide for necessary recreation and amusement. If the Townsend plan is the best way to get this, he is for it.

He is opposed to all forms of monopoly and believes that all acts of legislation should take into consideration its effects upon all classes of people in our state.
