 sory military training from our colleges and universities is an attempt to weaken the defenses of the United States. Koehn pointed out in urging the Legion strength to combat the movement and bring about its defeat.

Switzerland, he pointed out, is a country of compulsory military training and never has been rated a military nation.

"The country, Koehn remarked, is suffering from "ismitis, an imported germ," and the Legion is opposed to all "isms" and particularly Communism. We recognized Russia for a twofold purpose. "First for the promotion of trade and secondly for the promotion of friendly relations. The trade has been nil and the com-munity has been using the freedom of recognition to stomp propaganda into America."

Koehn urged the closing of immigration for a period of 10 years and suggested the deportation of all aliens who have been accorded ample opportunity to attain citizenship and have failed to do so.

He also suggested that any political group advocating the overthrow of the government by force and violence be prohibited from appearing on the ballot as a political party.

Relative to the unemployment situation, Koehn declared that there were 10 millions of unemployed persons, a million and a half of whom were on the relief rolls. There are seven and a half millions of aliens in the United States, he said, while three and a half millions of these were here illegally. He recommended that jobs should be given to our nationals first.

He condemned that organization of young university students known as "Veterans of Future Wars" and suggested that they hold their first national convention in the Veterans' hospitals, where they would be in direct touch with the wreckage of war.

Pension talk at this time is out of order, he declared, as the question was brought before the Legion convention in 1924 and was voted down. The attitude of that convention still is the attitude of the Legion, he said.

Jamboree was attended by more than 100 members of Washington county Legion posts and members of the Auxiliary. Membership reports were given, showing gains in nearly all posts in the county.

Short talks were given by Freeman Frazier, district commander, and the state graves registration chairman, Graham.

Proceeding the commander's address, a program including tap dancing by Ann Peters, Helen Cyrus, Rosanna Well and Evelyn Ann Busch; musical novelty numbers by Tom Stretcher, accompanied by his brother; and vocal selections by the Auxiliary sextet, with Miss Mildred James as accompanist.

Mrs. H. C. Bond of Forest Grove, county president, presided at the meeting of the Auxiliary at the chamber of commerce preceding the joint meeting and Mrs. A. W. Hoffman acted as secretary in the absence of Mrs. W. G. Bieder-nation of Tigard, county secretary. Reports were given by presidents of the Auxiliary units of the county, showing a gain in membership.

Faurest Anderson, first aid to animals.

Members of sea scout ship Columbia of Portland receiving merit badges included D. P. McKenna, scholarship; Steve Hodges, personal health; Harold Laman, radio; Dick Masterman, swimming and handicraft.

Clark Strom was rated ordinary sea scout of Ship Columbia and Jerry Grimm able sea scout of the same ship. Delbert Crews of troop 216, Hillsboro, was rated a star scout.

Leon Wiley, son of Mr. and Mrs. J. N. Wiley, member of troop 216, received a two weeks' free trip to Camp Meriwether for selling the most tickets in this district to the scout circus in Portland.

Firemen Discuss Rural Prevention

Rural fire prevention was the main topic of discussion at the monthly meeting of the Washington County Fire Association in Hillsboro Thursday night. Speaker was Dan Swinehart of Park Rose department, Fire District No. 2, who outlined the necessary steps to be taken in organizing a rural fire prevention program.

Mayor J. H. Garrett gave a short address of welcome to the visitors and Dr. J. O. Robb, councilman, was present.

Report of the committee which attended the meeting with the state fire marshal in Salem, indicated that through co-operation of the League of Oregon Cities, State Vocational Education fund, and the city interested, a week's school for a class of 10 selected throughout the state could be arranged which would be of great benefit to the volunteer fire departments.

The first aid squad in charge of Paul Ringle, second assistant chief, demonstrated the method of artificial respiration and the uses of the triangular bandage. The squad is completing the advanced course in first aid under the direction of Dr. H. D. Huggins.

The association wishes to call attention to the fact that information regarding the organization of rural protection districts will be freely given at any time.

Young Democrats Meet for Reports

Members of the Young Democratic club of the county met Wednesday night in the chamber of commerce rooms to hear reports of delegates to the convention at Salem last week and plan future activities.

The matter of a dance at Sherwood some time before the primaries will be considered and if agreeable to the club, plans will be made. The dance, besides entertainment for the club members, also would be an open house for democratic candidates.

Eleven persons from Washington county attended the convention banquet in Salem last Friday including Ellen Imler, vice president of the club, Walter C. Hutchinson, secretary, and Miss Marion Roberts, secretary. E. L. Ross, candidate for state senator also was present.

Traveling Kitchen Scheduled Monday

Homemakers of Hillsboro and vicinity who cannot travel to the Oregonian for a visit to the experimental kitchen of The Home Institute will have the Institute's Traveling Kitchen brought to town Monday in a free cooking school in the Grange hall at 2 o'clock.

The kitchen, conducted by Miss Arlene Davey, home economist for the Oregonian, will give the women of Hillsboro an opportunity to hear of the newest in kitchen planning and food innovations.

A portable kitchen from Portland, by truck directly from Portland, will be set up on the Grange hall stage, where Miss Davey will discuss and demonstrate the latest cooking methods.

Stockholders to Meet

Annual stockholders' meeting of the Ray-Maling company will be held at the company offices here May 12. Directors will be elected.

Cemetery Upkeep Dance Announced

Another in a series of dances to raise funds for the upkeep of the Hillsboro cemetery will be held at the Masonic temple May 21 under the auspices of the Hillsboro Christian council, which has volunteered help in this work. A dance was held at the I. O. O. F. hall last Thursday night and in spite of so many conflicting events \$15 was raised to help in maintaining the cemetery. The hall, music and tickets were donated.

G. Russell Morgan, Dr. J. O. Robb and W. Verne McKinney were named Tuesday night to arrange for a permanent organization to take over the cemetery so that it will be kept in a more presentable shape.

Helvetia Roll Honor Given

POTATOES, OLD AND NEW

The potato has been called the one vegetable that can be successfully utilized in every course, from soup to nuts. In fact, it has become pretty much a habit in most families. The making of soups, salads, meat dishes, doughnuts, cakes and breads are but a few of its possibilities.

Food scientists rate potatoes high for their nutritive value and since they are one of the cheapest and most filling of the starchy foods, their popularity is well deserved. Potatoes combine excellently with the dairy products and are very nearly a perfect food when combined with milk. For milk contains those important elements not found in the potato. Butter and cheese greatly improve the flavor and add food value as well, as potatoes contain but little fat.

These days we find new potatoes on the market a refreshing and tasty addition to the diet. We scrape them sparingly or boil them and merely pull off the skins for fear of wasting even a little bit of their deliciousness. Cut a little parsley into some melted butter and pour over them just before serving. Or serve them buttered or creamed with fresh peas. New potatoes are welcomed in any form and now is the time to serve them often.

However, if you still have a supply of old potatoes on hand and want to serve them in a new way, try dressing them up into what is called a Baked Potato Surprise. Bake large potatoes in a very hot oven (450-500 degrees) until tender. Slice off the top, scoop out

ORDER IN KITCHEN FOUND VITAL TO SELF-RESPECT

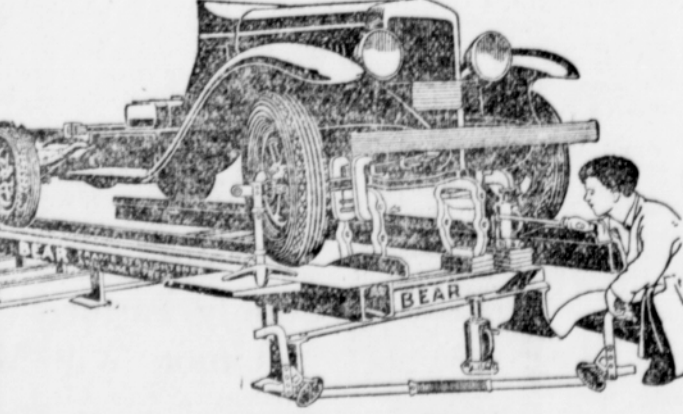

(By College News Service)

The maintenance of order and cleanliness in the kitchen is not only essential to the self-respect of the homemaker and the well-being of her family, but is an economy measure in that it helps to keep equipment in good condition. While there are many good cleaners on the market, there are few kitchen cleaning jobs that will not respond to some of the materials ordinarily on hand in most homes. Here are a few suggestions:

Wood surfaces, including uncovered floors, woodwork, shelves, tables and other furniture require frequent cleaning, but their care is made easier if they are well finished with enamel, oil stain, spar varnish or linseed oil.

Painted and enameled woods may
