WORKING HARD

Yet Getting Nowhere!

It may be a boat, swinging aimlessly with one oar. It may be a business, with indefinite plans for expansion or improvement. It may be in a job, with nothing in sight for the future. But whatever the problem, balanced effort and straight steering are needed to solve it.

And the required means to solution form one of the things that this bank is able to develop for you. We may aid in starting a savings account. Sometimes advice concerning investments is needed. Sometimes it's a commercial loan, or a loan for personal advancement. But in any case of financial need or "personalized" advice, this bank can supply the necessary "extra oar."

Look around the community. The men who are successful, independent, secure, are the men who have stuck to straight steering. And, more than that, they're the men who have come to rely on banking connections to see them through. Let's talk about this "extra oar" as it applies to you. We'll be glad to discuss your personal situation whenever it's convenient for you!

smoothest EIGHT in the world

New peaks of performance, economy and distinction in the new Pontiac Eight

What do you look for in an eight? THE GREATEST POSSIBLE SMOOTHNESS! What's behind the fame of the Pontiac Eight? It's a miracle of smoothness! Put these two facts together and you'll know what eight to buy. You'll pick a Pontiac because the Pontiac

engine has no vibration point at any speed! You'll have to go to twice as many cylinders to match that performance, and climb the price scale to approach Pontiac's quality. Moreover, in the famous Gilmore-Yosemite Economy run, under official supervision, this big car averaged 22 miles per gallon! These facts are enough to tell the motor-wise that the greatest, smoothest eight is Pontiac!

List prices at Pontiac, Mich., begin at \$615 for the "6" and \$730 for the "8"

(subject to change without notice). Safety glass standard on De Luxe "6"

and "8". Standard group of accessories extra. Monthly payments to suit your purse on General Motors Installment Plan. A General Motors Value. ANDERSON MOTOR CO.
