

### Washington Grange Host

#### Flower Show Held; Benefit Dance Big Success

MOUNTAINDALE—Guest Mountain Grange was a great with the traveling band of the Washington Grange at the meeting Saturday. Guests included seven members of Green Mountain Grange, Charles Dickerson, a member of the Oswego Grange for 62 years and the only man in Oregon who has belonged to the same grange that number of years, and three members of Tigard Grange. A flower show was also given in which four first prizes were awarded as follows: Potted plants, Mrs. Alva Logan; tall bouquets, Mrs. Russell Loftis; roses, J. C. Rafferty, and flat bouquets, Alva Logan.

Guests of Mr. and Mrs. Fred Peachey the past week were Mrs. Tassie Thompson and daughter of Albany.

Mr. and Mrs. Archie Thompson and children attended the wedding at Banks Sunday of Miss Mamie Sandy of Banks and Francis Thompson of Portland.

Shirley Toates is visiting her brother, N. H. Toates Jr. of Portland.

Sunday dinner party guests of Mr. and Mrs. Loel Hollenbeck were Mr. and Mrs. Leo Wickstrom of Cherry Grove and Mr. and Mrs. Henry Cypher of North Plains.

Mr. and Mrs. Earl Hollenbeck entertained with a waffle supper Saturday evening. Guests were Mr. and Mrs. Orin Darcy and Mr. and Mrs. Albert Meier of Shady Brook, Mr. and Mrs. Hubert Smith and son, Earl and Mr. and Mrs. Hollenbeck and Helen.

A large crowd attended the benefit dance at the community hall Saturday evening. Another dance will be given in two weeks with Harry Pearson's music of Hillsboro.

Mary Lou Toates is spending two weeks in Portland with her sister, Mrs. R. E. Fox.

Sunday dinner party guests at the N. H. Toates home were Mr. and Mrs. N. H. Toates Jr. and family and Mr. and Mrs. Roy Dennison of Portland and Mr. and Mrs. B. Brennen and daughter.

Mrs. Sue Dorland of Oswego is staying with her mother, Mrs. Henry Weaver, Mr. Weaver, who has been quite ill, is improving.

Miss Opal Stewart left Tuesday for Burns to spend a few days visiting friends. She formerly taught school there.

Sunday dinner party guests of Mr. and Mrs. George Stewart were Mr. and Mrs. Jack Brady and D. G. Lilly of Forest Grove.

Miss Leila Peters is spending a few days in Portland caring for her grandmother, Mrs. Sarah Harvey, who is ill.

### Former Patients to Attend Reunion

Response to an invitation to attend an annual homecoming of former patients of the State Tuberculosis Sanitarium at the sanitarium sent to 14 persons by Margaret Dixon, county nurse, brought promises to attend from six.

Of the 14 listed as former patients, one has died; two are too ill to attend; one preferred to visit her own physician and two did not reply and two had moved.

The purpose of the meeting was to renew acquaintance, discuss problems and have a thorough medical checkup, Miss Dixon said.

### Consignment Trout Sent County Creeks

Washington county fishermen, if they move fast enough will have good fishing for Rainbow trout while the trout remain in the local waters. The state fish and game department is releasing 50,000 of the fish measuring from 6 to 7 inches in length.

According to Judge Donald T. Templeton, the fish will remain here only long enough to find their way down stream to the ocean. The rainbows, according to Templeton, become steelhead salmon after they arrive in the ocean, returning two years later to spawn.

### MacKenzie Adds to Dealer Line

The new Ford entry in the medium-price motor car field, the Lincoln Zephyr, is now being sold by the MacKenzie Motor company, local Ford dealers. Unlike conven-

tional automobiles, this car has no orthodox chassis or chassis frame. It comprises a single unit welded all-steel "bridge truss" body of extraordinary strength, in which the engine is mounted and to which the running gear is attached. Photo shows workmen in the Lincoln plant attaching the running gear.

### Farmers Seeking Persistent Grass

(Continued from page 1)

seed this year and an additional 130 acres seeding has just been made.

Domestic rye grass is and has been rather popular for seeding alone or in a mixture. It is essentially an annual in habit. Where it is seeded in mixtures, it makes such a heavy, rapid growth the first year that it virtually smothers out everything else. Then it in turn dies out after the first year and nothing is left. If only temporary pasture is desired or if re-seeding can be done every year, it is possibly about the best thing to grow in the grass line; but if something more permanent is desired, this grass should not be included as part of the mixture.

Schools discussed the seed possibilities of some of these grasses, pointing out particularly the possibilities in growing Cheewing's fescue for seed. This is a variety for which there is considerable general demand for seed and the time in which it is at the present time is largely imported. Probably our greatest difficulty, said School, is keeping it free of rat tail fescue. This is another variety that volunteers throughout this section and is quite commonly referred to in our alfalfa plantings as "dog hair."

Seed of this can not be separated from the Cheewing's fescue and makes the latter practically worthless on the market if the two are mixed.

In addition to these plots Guerber has 10 or 12 acres of orchard grass which Scotch pronounced as probably the finest field of this grass in the state of Oregon. This will be cut for seed sometime early next month.

Tall fescue is another grass which shows very fine persistence, makes a fairly good sod and while not so palatable as some others yet will be eaten with readiness by any kind of livestock. The seed market at the present time is limited on it, because it is a new variety. There isn't any demand for the unknown seed. It holds its own excellently in the summer time and in the plots at Guerber it is one of the few that shows some green all summer long.

Tall oat grass is the grass that we see growing along much of our fence rows along county roads. Where this has an opportunity to reseed itself, it makes an excellent stand and most of the people who have cut any of it for feed or have pastured it, find that stock like it. This is another variety for which there is some fair demand for seed.

For sod farming purposes the Highland bent excels any of them in the plots here. This makes a very thick tough sod that just completely stops erosion.

Applications of some nitrogen carrying fertilizer will produce a substantial and profitable increase in the growth and production of grass for either pasture or seed. Applications of a commercial fertilizer with an analysis of 15-20-0 of nitrate, phosphate and potash, respectively, produced heavier stools, higher growth and heavier heads on Guerber's planting this year. Liquid manure also shows a very fine response and the practice of using either one of these materials on good meadows that are used either for seed or exclusively for pasture quite apparently would be a good practice both from the standpoint of increasing the total amount of feed obtainable and also from the standpoint of seed production and also make possible a little bit earlier pasturing in the spring.

Generally any of these grasses should be seeded in the fall. The exception of this would be when they are planted in rows for seed purposes. In that case spring seeding would be a desirable practice for a variety like Highland canary grass.

JAMES THOMAS NEWBERRY  
FOREST GROVE—James Thomas Newberry, 63, died June 5 after an illness of eight years. Funeral services were held Monday afternoon from the Forest Grove Undertaking company chapel with Rev. A.

### M. S. Stook and Rev. J. M. Barber officiating

Interment was in Hillsdale cemetery.

He was born in Lincoln, Neb., and was married to Melissa Jane Dunson at Hillsdale, October 6, 1907. Deceased is survived by the widow and a son, Raymond.

### Cyrus Urges Filing Farm Crop Report

(Continued from page 1)

is not known, but it is certain that it will be based on the 1935 crop acreage.

Closing date for receiving work sheets in connection with this program has not been definitely set, but it is certain that it will not be later than July 1 and probably will be a little bit earlier. This means that these papers should be filed immediately if they are to be turned in at all.

There are some fields of wheat in which there is considerable Hessian fly. A few fields we have looked at probably will not make a really satisfactory crop. Where such a condition as this prevails, this could be plowed under and if the acreage so plowed under would constitute a 15 per cent increase in soil conserving crops over and above the acreage that was in that farm in 1935, the operator would be entitled to the payment mentioned in the first of this article amounting to somewhere around \$14 an acre.

The same rate of payment could be had if the wheat was pastured off, providing that there is a stand of reed clover in the wheat. In both these above cases there would, of course, have to be the usual total of not less than 15 per cent of the depleting crop acreage in soil conserving crops and, of course, the total acreage of depleting crops in 1936 could not be larger than was on the place in 1935.

### Group Seeking to Hinder Harvests

(Continued from page 1)

land. Who the Workers Alliance of America is affiliated with is not made clear. So far the handbills have produced nothing in the way of results, it is reported from the various projects in the county. Reference to Fascism, such as is made in the body of the handbill, are made only by the communist party of America.

This handbill is published in order to show the kind of efforts that are being made to stir up trouble, particularly on the farms of Washington county.

The contents of the handbill follow:

"Do not be misled by the Portland press propaganda, carrying statements by E. J. Griffith, State WPA Administrator, the WPA project workers who accept private A. workers who accept private employment during the spring and summer months will be given preferred status over others when their seasonal employment period ends."

"We vision the berry fields, forced labor jobs and the hop fields, fathers, mothers and little children, toiling long hours, in the broiling sun in the pitiful and futile attempt to earn a few dimes. Then returning home, only to be told:

"Sorry but we have nothing for you, you have lost your residence." This has been the story for several years and may materialize again this year.

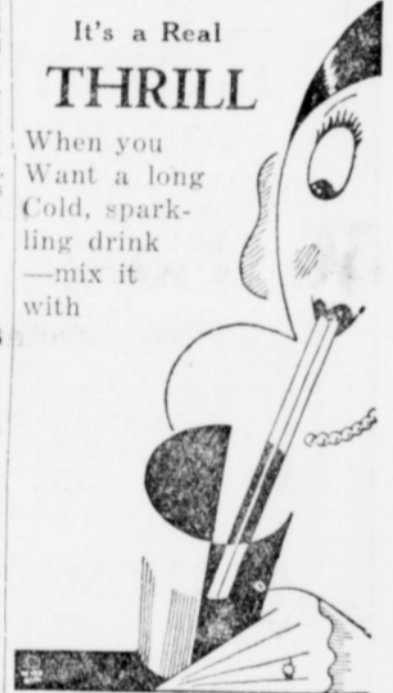

"The WPA is designed to smash American ideals and labor standards. The WPA, State Relief Committee and County Relief Committees operate as the Executive Committee for private industry. Their threatening statements make no mention of hours, wages or job conditions. YOU ARE THEIR VICTIMS.

"Organize now and refuse to accept coolie jobs. Demand a living wage. Support your fellow workers in organized labor. Do not scab. Help us build the Farmer-Labor Party and emancipate the working class of Oregon and America and defeat Fascism.

"Join the Workers Alliance of America, the 'One Big Union of unemployed and relief workers.'"

### Farmers to Inspect New Canary Grass on Monday

Farmers will have an opportunity to see one and two-year-old stands of Highland canary grass at 1:30 p. m. Monday on the Antone Evers' farm, four miles north of Forest Grove and just west of the Forest Grove-Greenville road. This is the new strain of canary grass that has been developed especially for upland soils.

### Bride Honored at Mt. Home

#### Miss Schmeltzer Hostess for High Graduates

(By Mrs. Mable Allison)

MOUNTAIN HOME—A group of neighboring women surprised Mrs. L. R. Ralston (nee Mrs. Beatrice Waldron) June 2 with a tea and shower. Mrs. Waldron and L. R. Ralston of Chealem Center had been quietly married the week before. Guests served refreshments. Present besides Mrs. Ralston were Mesdames Howard Stumms, Emery Harris, Lester Winters, E. O. Jones, E. A. Winters, Jerome Waldron, and the Misses Thelma and Muriel Jones, Mary Schmeltzer and Helen Winters. Mrs. Ralston received many lovely gifts.

Gibbs Community club sponsored a dance at their hall last Saturday evening.

Mountain Home Ladies' Aid served a cafeteria luncheon to the men working on the church last Thursday noon. Plans for entertaining the Oregon conference of the Evangelical church next year were begun.

Mountain Home Missionary society will meet with Mrs. Alex Bruce next Thursday.

Mrs. E. O. Jones and daughters Thelma and Muriel have returned home after a week's visit at the George Ramsby home in Estacada.

Miss Mary Schmeltzer entertained with a dinner party in honor of those graduating from high school this year, at the home of her parents, Mr. and Mrs. John Schmeltzer, Friday evening. Honor guests were Miss Peronice Ego, Frederick Nyström, James Allison, all graduates of Tigard high, and George Linens, a graduate of Benson of Portland Warren Forsythe, Portland, and formerly of this community, was

also present. After the dinner, the Mountain Home Christian Endeavor society held a meeting at the Schmeltzer home.

Rev. Speece is conducting a new contest for the young people of this vicinity, involving attendance at C. E. and evening church services, and requiring note books to be kept on the text topic, etc. The prize will be a vacation trip to the beach.

George Allison motored to Corvallis Sunday to take his sons James and George Jr., and Elmer Atropo to the 4-H summer school for the two weeks' session. He then drove over to Halsey and spent the day with friends.

Chealem Mountain Potato club and the Wild Wood Forestry club will meet at the R. B. Joyce home. Those attending the 4-H summer school will report.

Mountain Home Parent-Teacher club will meet June 19 at the home of the president, Mrs. George Allison. All interested are invited.

### Franz A. Reitzel Succumbs Monday

Franz A. Reitzel, 67, died at the home of his daughter, Mrs. Anna Williamson, on East Main street Monday morning after a long illness. Funeral services were held at Young's Funeral Home Wednesday afternoon and interment was in Fir Lawn cemetery.

Mr. Reitzel was born at Redding, Pa., August 4, 1868, came to Oregon in 1878 and since 1885 had been a resident of Washington county, where he engaged in farming until he retired about eight years ago. He is survived by his three children, Mr. Alma Desch of The Dalles, Alex F. Reitzel of Yakima, Wash., and Mrs. Williamson, and six grandchildren.
