(By R. L. Putnam)
The local Townsend club is sponsoring a "National Convention" rally and social Friday evening at the Christian church. The purpose is to choose a delegate to represent the club at the second national convention of Townsend clubs at Cleveland, Ohio, July 15 to 19. Refreshments will be served free. Members requested to bring cake or sandwiches.

Rev. Henry Young has been appointed general chairman of the committee in charge of "Townsend Day" July 3 at Shute park. Robert Kelly found it impossible to serve, due to a previous engagement. In his report to the club Sunday the chairman made it known that it was the purpose of the committee to have a Townsend float in the parade July 4. Mrs. H. R. Chantler is chairman of the float committee.

Following were appointed by the advisory board to nominate officers for the "National Convention": J. A. Hoekersmith T. A. McCourt, Mrs. Charles Bucher, Emma J. McNelly and Mrs. Viola Sundberg. Arthur Palmer was appointed to take charge of the raising of the "National Convention" fund. Over six dollars was contributed toward the fund at the meeting. Members wishing to make a contribution are requested to see Palmer or some officer of the club.

Meeting Sunday was at the Baptist church. Special music was furnished by Mr. and Mrs. John Green. A. M. Silverman of Portland delivered a short address.

FRUITS OF A MOTHER'S PRAYER

I wrote a poem so simple and rare in fact it was a mother's prayer. Inspired by a sweet baby's affection for purity, angel protection. I wanted her to enter heaven's gate. While the prize of life she could take. Years later God, saw fit. The time had come to answer it; He plucked this bud of a flower, To bloom in His heavenly bowers. While in youth pure and good; Regardless of bitter tears of motherhood. —MERIA SPIERING, Laurel.

during the day and who has been notified that a registered package is held for him, may apply at the postoffice, be identified and receive his payment.

Bonds are immediately due and cashable, although they bear interest at 3 per cent and are considered an excellent investment. Veterans are urged by the veterans' organizations and by the government to hold the bonds as an investment unless cash is needed at once.

In case cash is needed, the veteran will apply at the post office in his community which has been designated a certification center and from which place the bonds will be mailed to Portland for cash. All veterans are urged to hold up on applications for cash until the bulk of the bonds has been moved through the postoffice to their destination.

mit of the hills in a northerly direction. It was accompanied by a terrific electrical display. The lightning striking repeatedly along the high ground as the storm swept along.

Sunday afternoon another electrical storm accompanied by heavy rainfall, struck in the southern part of the county along the Chehalis hills.

This storm also swept the Gales Creek valley and mountains covering the streets of Forest Grove with water and bringing great quantities of silt down from the logged off slopes of hills and mountains.

According to reports at the offices of the county court, roadways along the hills were covered with mud, though there were no reports of washouts.

Wet weather, continued during the past week with heavy rains and some wind, damaged standing hay crops and is reported to be lodging some grain fields.

Alfalfa fields, ready for cutting for the last two weeks, probably will produce little, if any, good hay in the first crop. Clovers are nearing the stage of maturity, and vetch and oat hay rapidly is reaching the stage where cutting will be necessary. The fields of oats and vetch, growing steadily heavier, are beginning to lodge considerably.

In the berry fields, strawberries have suffered from the damp weather and some of the crop has been lost through soft or spoiled berries. In some parts of the valley mildew is reported in the hops and other crops.

Old timers say that not in recent years has there been weather so wet continuously throughout June, nor have there been so many heavy showers accompanied by electrical storms.

Monday, blinding rains struck the hills and mountains, repeating the damage of Saturday night, and Tuesday a wind and rainstorm did much damage to fields. On the court house yard the heavy wind tore a large limb from one of the trees along the north side of the square.

in the south part of town, due to continued wet weather, the digging machines still are operating in the northern sector of the sewer district, where the work rapidly is nearing completion with sewers installed and backfilling complete.

At the disposal plant, the primary tanks already have been cast and work of pouring concrete on the secondary tank lines is about complete with workmen now tearing out the forms and getting ready for the finishing.
