Conservador

THE CONSERVADOR is a shelf-L lined inner door behind the main door, for storing most frequently used foods. It keeps the warm air out and the cold air in the main compartment when you open the outer door to get frequently used food items. It banishes the countless little tax penalties of the open door. Open the door of any ordinary refrigerator. Out rushes the cold air. On goes the motor. Up goes your

electric bill-10,000 times a year!

But not so with the new Fairbanks-

Morse Refrigerator — thanks to its

This is an ideal harvesting outfit — the handy McCormick-Deering Farmall 12 Tractor and a 7-ft. McCormick-Deering Binder equipped with tongue truck and tractor hitch.

A Good Investment in a Modern Grain Binder

FARMERS have made a good start this year toward bringing their equipment up to date. How about the machines on your farm? Is your binder good enough to handle this year's important grain crop? Can you be sure it will see you through? If there is any doubt about it, see us about a new McCormick-Deering Grain Binder. We can supply these efficient, modern, light-running binders in 6, 7, 8, and 10-ft. cut. Whether your grain acreage is large or small-whether you farm with horses or tractor—there is a McCormick-Deering Binder for your needs. Stop in the next time you are in town.
