## Helvetia Has a Large Class

### New Pupils Enroll; Grange Organization Considered

(By Mrs. John M. Davidson)  
HELVETIA—School opened September 8, with Joseph Wenzel teaching his sixth term here. Thirty-two pupils are enrolled, eight being in the eighth grade, which is probably the largest eighth grade for a one-room school in the county. New pupils in the district are Bob and Mary Sanders, Bob Harvey and Ernest Sanders, all from Portland. Beginners are Harold McCuen and Barbara Meier.

Miss Elda Hershey returned last week from a trip to California. While in San Francisco she visited her school chum, Mrs. Dierckx (Mildred Donelson) and her sons, Misses Minnie and Lydia Korn.

Consider Grange  
A Grange organizer called a meeting at the school house Thursday night. Only a few attended and no definite arrangements were made.

Vincent Bishop, who is a seaman on the S. S. Michigan, was in Portland last week having made the round-trip to China.

Roy Hofer was visiting his home folks last week. He is employed in a garage at Seaside.

Mr. and Mrs. Walter Huber of Elma, Wash., visited at the Simon Hershey home and with other relatives here. Elda Hershey, who has been staying with them all summer, will be at home for a while now.

Mrs. David Tschabold, Ernest and Clara Tschabold visited at 4145 1/2 Prairie Ave., Sunday. Mrs. Tschabold's brother, Robert Fuegy, and family.

Joseph Meece had a tonsil operation at the Jones hospital Sunday.

Mr. and Mrs. Keffer spent last week visiting their daughter, Mrs. E. McDougall of Myrtle Creek. Their grandson, Harold McDougall, who has been staying here all summer, returned to his home in Myrtle Creek, where he attends school.

Guests at the Victor Smith home Sunday were Mr. and Mrs. J. S. Gosoin, who have returned from a trip to eastern states, and Bernice Smith and Henry Engel of Portland. Mrs. Gosoin is Mrs. Smith's sister.

## Hayward Woman Hostess to Group

(By Vivian Hudson)  
HAYWARD—Mrs. Addie Hudson entertained the Gale Grange Home Economics club Friday. Pot luck dinner was served at 12. At the business meeting plans were made for their chicken dinner, food and apron sale, and bazaar, which will be held sometime during the coming three months. Program included: Two poems read by Mrs. L. W. Donovan, vocal solos by little six-year-old Leo Dodge, piano solo by Mrs. Tompkins and an accordion selection by Mrs. Addie Hudson.

### Birthday Celebrated

Mr. and Mrs. Roy Dargatz and family entertained Mrs. Bertha Shaver and family Friday evening at dinner in honor of Mrs. Shaver's birthday. Later in the evening several carloads of people arrived at her home for the occasion.

Mr. and Mrs. Al Shadoin and two children of Portland spent the past week with their parents, Mr. and Mrs. Fritz Stegmann.

The Oregon state fair's "diamond jubilee" attracted the largest attendance since the pre-depression days of 1928, more than 80,000 persons paying their way in during the week. Financially, also, the fair was a success, according to Solon T. White, director, who declares that for the first time in many years the fairs and the night horse show more than paid their way.

Employers who fail to pay their contribution to the unemployment compensation fund by September 26 will be subject to penalty and interest, D. A. Bulmore, administrator of the act, warns. More than 5000 Oregon employers of 150,000 men and women have already complied with the provisions of the act, payments to date totaling approximately \$850,000.

## Rock Creek Term of School Opens

Mrs. Fred Pageler and son John have moved back on the farm here.

Mrs. Pageler obtained a transfer of schools and is now teaching at the James John school at St. Johns and goes back and forth to her work from here.

Many changes inside the last 30 years in the Dixie section in the northern part of this county were noted Wednesday by Frank Pezoldt, having accompanied road supervisor, J. H. Berger, into that section. Mr. Pezoldt in partnership with his brother Louis Pezoldt formerly owned a farm in that section, which they purchased nearly 30 years ago but later sold. In those days the roads were so narrow in places that a wagon could scarcely pass between the stumps and logs. The roads have been widened and improved. Most of the timber, which at that time was a virgin forest, has been logged off in the Dixie and Wallace sections.

Several people of this section are employed in the Ray-Maling canneries in Hillsboro and others are picking hops.

## Shady Brook

Work will soon be started on a job of reshingling the roof of the playshed of Shady Brook school. They plan to build a new garage there also for the teacher to keep her car in.

After finding the treasure they toasted waffles and marshmallows over a bonfire. A pink and white birthday cake was also served to those present by Kenneth. He was the recipient of many gifts. Present were Vernon and Floyd Elliott, Jimmy Nitchman, Philip Winterstein, Glen Solders, Bobby Hall, Kenneth and Donald Logan, and Mrs. A. J. Logan.

## All-Steel Hoppers--- An Important Improvement in McCORMICK-DEERING Grain Drills

McCormick-Deering 14-7 Grain Drill.

ALL-STEEL Hoppers on a McCormick-Deering plain grain drills—that's the big drill news now. Come in and let us show you this real improvement in a real line of drills. They will drill more accurately and last longer than ever before because the steel hoppers combine with the strong steel frame to hold the feeding mechanism in correct alignment.

The new hoppers on these McCormick-Deering Drills will not sag, warp, split, or rot—they are made of rust-resisting, heavy-gauge steel containing copper. They are water tight and grain tight—you can pour grain into them without spilling it on the ground.

Improvements have been made in the feeds, too, and there are roller bearings in the fully enclosed end axle boxes. Whatever kind of drill and attachments you want, we can furnish it.
