

SPEAKING OF PRINTING

There's **PRINTING**
that is just printing
and **THEN** there's
PRINTING

that Sparkles, that Attracts, that Sells, that Uncovers
New Business.

That's the kind of printing you want and that's the quality of
work the Argus printing department offers—at a fair, reasonable cost.
The Argus is proud to offer the public the sparkling, distinctive and
attractive craftsmanship of its expert, trained printers: John Laurs,
Verlin Cochran, Jerry Davidson and Howard Hillis—each a specialist
in his line.

Bring your next job to the Argus. Our prices may not always be
the lowest—but our work is always the best.
