Luxury THAT ONLY EXTRA SIZE CAN GIVE

SENSATIONAL new Ride, greater Size, sparkling Beauty and unmatched Silence in the 1937 Plymouth

If, to you, value in a car is first of all a matter of size and room, you will certainly be interested in the new Plymouth now on display at our showroom. It's a full three inches wider than the old standard car size... longer... with wider seats, inches more leg room, shoulder room and head room than you expect in a low price car.

Yet extra size is only one of the amazing extra values this 1937 Plymouth gives you. There are new, modern beauty; the greatest ride of any low priced car... and the most silent. Throughout the car are astonishing refinements and improvements that clinch Plymouth's reputation as America's best engineered low price car.

Undertaking company chapel, Rev. Kelllogg being in charge.
