Ray Mann Expands Business Territory

Beginning several months ago in a small room next to Bailey's Service station, Ray J. Mann, local distributor for beer, wine and fountain supplies, this autumn was forced to seek larger quarters with the result that the warehouse now is located in the building formerly occupied by the Scholla Brick & Tile company.

In making the move, Mann has

doubled his warehousing capacity besides installing a cooling room with a modern refrigeration installation by which the temperature can be brought to any degree of cold needed for the season.

Besides the cooling room, there is another room used entirely for wines of which Mann distributes three grades of all kinds.

The stock is varied in his delivery service with territory ranging as far as Willamina. The Willamina territory was added recently.

Hillsboro Firemen Prepare for Dance

Hillsboro firemen this week were preparing to advertise their annual Thanksgiving ball in Shute park auditorium on Thanksgiving night, November 26.

Music and entertainment will be by Ivan Koehler's 11-piece orchestra, which has just completed a six weeks' engagement at Rockaway and is now playing at Corvallis.

The annual dance has long been a feature of the Hillsboro autumn season heralding the arrival of the holidays, and every effort will be made this year, according to the committee, to make the event a larger feature than ever.

CONTROL STINKING SMUT

WITH NEW IMPROVED CERESAN

Easy seed treatment checks seed rotting and seedling blight—improves and increases yields

Farmers! Here's a way to protect your wheat crop against stinking smut—and your wheat profit against smut dockage—for less than 3¢ an acre!

Just dust-treat your seed with New Improved CERESAN. Recommended by the U. S. Dept. of Agriculture and Experiment Station authorities. Easy to use. And highly effective. Checks both seed rotting and seedling blight; reduces seed-borne stinking smut; has increased yields an average of 1.13 bushels an acre even on clean seed.

Quickly applied. One-half ounce per bushel—costs only 2 cents. No drill damage. Controls stripe and covered smut of BARLEY and smuts of OATS. Has produced a 6% average yield increase on barley and 18% on oats in practical farm tests!

One lb., 75¢; 5 lbs., \$3.00. Send a postcard for Cereal Pamphlet and free blueprints—a cheap way to make a rotary or gravity treated from old oil drum—to the Bayer-Semmes Co., Inc., Wilmington, Delaware.
