

Local P.-T. A. Plans Founders Observance

Founders' Day, commemorating the fortieth anniversary of the National Congress of Parents and Teachers, will be celebrated at the next meeting of the Hillsboro Parent-Teacher association, which will be in the nature of a birthday party. This will take place at 8 o'clock Monday evening at the union high school.

A program has been prepared by Mrs. R. P. Rasmussen and Mrs. Ben Faber, which will include a play by several teachers of the junior high and a musical in costume by a number of grade school pupils. A report on "cubbing" which is the junior boy scout movement, will be given, also several reports on "Forty Years of Service of the Parent-Teacher Organization."

Through the years the Parent-Teacher association has become an important factor in the development of Parent Education, and it provides a program of study and activity upon every phase of child development. In a letter of congratulations to the national organization, President Roosevelt says: "At this time it is particularly important that parents and teachers shall co-operate in laying permanent foundations for the character education of future citizens. The schools and the homes in rural as well as urban areas should work together so that every child in America may be benefited."
