Changes Needed
A drive has been started in congress for a revision of the social security act. One of the changes would be to include domestic servants and farm workers under the old age pension system.

Labor Troubles of Nations Discussed; Feelings Have Par
By Roger Babson
BABSON PARK, Mass., February 3.—During the World war, when I was director general of information of the labor administration at Washington, I was asked to give an address upon the subject of labor relations before a distinguished audience.

Pensions Continue Major Source of Worry to Solons
By A. L. Lindbeck
SALLEM.—Old age pensions continue a major source of worry for the Oregon legislators as the session grinds on toward the end of the 40-day period for which the lawmakers can draw their \$3 per diem.

The Judiciary
There undoubtedly is much of merit in President Roosevelt's plan for reorganization of the judiciary, but his plan to "pack" the supreme court is bound to meet with stubborn opposition as many will construe it as attacking the fundamentals of the American form of government.

It is true decisions of the court against many new deal measures on a five-four basis revealed a real weakness in the minds of many. Laws affecting the lives and welfare of millions were thus nullified by the opinion of one man, for if he had had liberal leanings the decision would probably have been on the other side.

What Other Editors Say
Congratulations
We extend congratulations to our friends of the Hillsboro Argus, which last week, was awarded the Sigma Delta Chi trophy as the best weekly newspaper in Oregon.

Today, the Argus joins the McMinnville Telephone-Register and the Hood River News in having won the trophy on two occasions, and is well maintaining its record as one of the leading weekly newspapers of the Pacific Coast.

Watch Labor Legislation
The point I wish to make is that our labor problems are fundamental and cannot be solved by legislation or any other short cuts. We see much in the newspapers today about the need for more legislation requiring compulsory arbitration; but neither side will long stand for such legislation.

One of the things that has made the American system of government function so successfully has in large measure been the system of checks and balances devised by those great Americans who wrote the constitution more than one hundred and fifty years ago.

As a matter of record, and based on many years' experience, we have long since come to the conclusion that it takes only a little more effort to produce an outstanding newspaper than it does to produce one which is mediocre.

Collective Bargaining Coming
President Sloan of General Motors has made a statement to this same effect, in refusing to go to Washington at the invitation of Secretary Perkins on January 27. My sympathies are wholly with Mr. Sloan and the "sit-down" strikers.

Inconsistent
Oregon can very well get along without such legislation as proposed by Representative Harrison, which would make it unlawful to include any picture of a girl or woman in advertising of tobaccos, cigars or cigarettes.

Employees also justly ask that labor unions should be legally held to carry out the agreements for the same as are the operations. This latter, however, will come about naturally after wage workers become generally organized and recognized.

Criticizes Frances Perkins
Perkins is in the present situation is the fact that we have such a cold-blooded secretary of labor in Washington. Frances Perkins is a very able woman. She is conscientious, extremely intelligent and has given her life to welfare work.

Such a measure is discrimination against Oregon advertising media in as much as all newspapers, magazines, etc., coming into this state cannot be prohibited from carrying such advertising because it would be interfering with interstate commerce.

The Newspaper Trophy
The Hillsboro Argus won the trophy awarded to the best Oregon weekly entered at the regular annual meeting of the Oregon Press Conference at Eugene last week. Inasmuch as the Telephone-Register won the cup last year it was not permitted to enter the contest the succeeding year.

Methodist Episcopal Church
February 14—Now with longer days and bright, beautiful Sunday mornings an increasing number of families are attending the worship services of the church. A fine staff of capable teachers will welcome all to the church school at 9:45, which will be opened promptly by C. C. Weber, general superintendent.

This advertising brings a good deal of money into the state from outside sources, something which everyone is endeavoring to do. More than 80 per cent of all money spent in advertising goes into payrolls and naturally such a prohibition would be keenly felt.

Personal Conclusions
Secretary Wilson would say to me: "Babson, every side has some good points; let's try to bring them out. Both sides can agree on a few facts; let's talk about those few facts which they are agreed. Wage workers are not fighting for more wages or shorter hours so much as for recognition. Although they insist on recognition of their labor unions, they are primarily interested in the recognition of themselves as individuals."

Trinity Lutheran Church
Services will be conducted at 10:30 a. m.; Sunday school at 9:45. Sermon on the subject of "The Season of Lent" will be observed with a devotional service every Thursday at 8 p. m. This evening Pastor Carl Nitz of Schefflin will speak on the subject, "Tarry Ye Here and Watch with Me" Math. 26, 38. "Blessed are they that hear the word of God, and do not harden their hearts."

A representative from Southern Oregon has a fine dream about exempting all homes assessed under \$3000 from taxation and to allow this much exemption on every home. Doubtless this would increase the desirability of home ownership, but where would the funds come from to make up for the loss of taxation from this source.

Jots in Jest
The University of California has a course for apartment managers and owners, probably in the art of party silencing.
That Spokane, Wash., divorcee who married a railroad man she could get a pass to travel on the railroad must have been told when to get off.

William Goetter, local youth, has made good in electrical engineering at Oregon State college in such a fine manner that he is one of six Oregon State students to be selected by the General Electric company to become associated with this great concern. Congratulations to him and to his parents, Mr. and Mrs. William Goetter.

Our Yesterdays

Washington Letter
WASHINGTON.—There will be a whacking appropriation for flood control programs, and you may count on that.
But there is also going to be a considerable sectional scramble for the money. Flood control money has in the past been practically a prerequisite of the senators and representatives from the states of the lower Mississippi Valley.

The Rotary club is performing a real worthwhile service to the community in the purchase of an inhalator and its gift to the fire department for first aid work in this section. Service of this kind means much in the growth and progress of Hillsboro.

Thirty Years Ago
Argus, February 7, 1907—A. P. Burhus dies here January 31.
Crescent theatre seats 630 people Friday night at the "Midnight Flyer."
President Swigert of the Oregon Electric, building line here, promises 45-minute service to Portland.

There are signs of coalition of congressmen from the Ohio Valley states, Indiana, Ohio, Pennsylvania and West Virginia, which will present a strong demand that the major part of the appropriation about to be made be spent for stopping the rampaging waters of the Ohio before they get started on their course down the Mississippi itself.

Hillsboro has many, many good friends in the Helvetia community and the city's business people should be well represented at the dinner there tonight. Proceeds will be used by the Sunshine club, which is giving the event, for charity work.

Independent telephone lines of Washington county will make connection with Portland through Home Telephone company system.
County Commissioner Buchanan of Cornelius thinks the county should issue bonds to build 100 miles of good rock road.
Groundhog failed to see shadow February 2.

SHE LIVED IN SIN
Simon and Pharisee, rich man, "reclines at meat with Jesus as his guest."
Now edges in a woman of the street who lives by sin. She takes her place behind Jesus at his feet to wash them with her tears and dries them with her hair. Then she swoons them with costly ointment and ceases not to kiss them. Jesus seems unmindful of it all.

WASHINGTON.—There will be a whacking appropriation for flood control programs, and you may count on that.
But there is also going to be a considerable sectional scramble for the money. Flood control money has in the past been practically a prerequisite of the senators and representatives from the states of the lower Mississippi Valley.

There never was any trouble in the past for statesmen from the bayou and canebrake regions to get a sizeable appropriation for more levees. For there was always last spring's disastrous flood to point out. For 40 years and more the federal government has been pouring its millions into the levees, revetments, floodways and other devices by which it has striven to harness the "Father of Waters."

Now 1937 sees a flood which is just about as disastrous, if not more so, than any on the records.

Morning worship, 10:45; music by Treble choir with Mrs. Florence Kraemien, director. Sermon. "The Restoration Challenge Accepted." Young people meet Saturday evening testimony and praise service. Special music by the orchestra; also vocal number by Mrs. Shackelford and others. All evening services begin at 7:45. Come and bring a friend.—J. F. Shackelford, pastor.

Beaverton Church of Christ
A union service of all the churches of Beaverton will be held in the Church of Christ February 12 observing the World Day of Prayer. Services for Lord's day are as follows: Bible school, 9:45 a. m.; communion service, 11 a. m., followed by preaching by the pastor. Song service and preaching, 7:30 p. m. Special music by the choir both morning and evening. Mrs. J. Johnson, director. Mid-week Bible study February 17, Walla Walla. Superintendent—George W. Hatch, pastor.

St. Peter's Lutheran Church
Cornelius, Route 2
St. Peter's Lutheran church of "ornelius route 2" will observe Lent by a series of special devotional services. These services will be held each Thursday evening at 8 o'clock, beginning February 11. "Near Jesus in the Garden" will be the theme of the service. This week "Worship in the English language on Sunday morning at 10 o'clock.
