I did so want to look my best for that date. I bought an expensive new dress—spent the afternoon at a beauty shop... And then, all evening, I was just dull and peppy. I was ready to cry. I was so humiliated... So I decided I would take care of my health instead of my face. My doctor told me to use concentrated vitamins (Vitemex). I began to sleep ever so much better, lost my nervousness—and now I know I'm at my very best when I go out at night—more pep than any of my friends.

If you are weak, always tired, run-down, it is easy to get new vitality with concentrated vitamins (Vitemex). It is one of the most powerful natural stimulants known to science. This formula is so FORTIFIED AND CONCENTRATED.
