Cuts Your Costs 70%

First in the small size Diesel tractor field stands this newest addition to the "Caterpillar" family.
Owners report fuel saving of 60 to 80% over gasoline tractors of comparable size.
2 1/2 gallons of cheap diesel fuel per hour represents its full-load fuel consumption—most owners average not over 1 1/2 gallons.

Aside from its economy, the RD-1 offers many operating advantages over former models.
It has five forward speeds, quick and easy starting and steering, a comfortable seat and convenient controls. If you use power, you should investigate the RD-1.
