Fish Counter Newest Device

Fishermen hereafter will be spared the unpleasant task of counting the fish in their baskets, declares Albert S. Heard, inventor of an automatic fish counter which already appears to be nearing popular demand.

Heard, owner of the Brown Derby in Banks, this week announced that his factory, ready to open in Portland, is to make 2000 counters a day. Several orders already have been placed by wholesalers and retailers, he said.

The device fits inside the basket and a metal flap operated by a spring covers the hole in the creel through which fishermen thrust their catch. As each fish slips into the basket, the flap operates a counter which registers on the upper face of the flap where it can be seen by the fisherman.

The counter operates up to 20, which is the limit with the expectation that when the limit is taken by weight, the fisherman must estimate this himself, or weigh each fish when it is caught.

Heard recently returned from Washington, D. C., where he made arrangements for his patent, which has been issued.

Fishermen Await Opening April 15

Clear creek, a tributary to Gales creek, the ban holds for a year, the game commission has ruled.

Fishermen who have found sport on streams tributary to Meadow Lake in Yamhill county, this year cannot fish in these waters. The lake, itself, is a private game preserve and these streams, stocked from the lake, are reported to have yielded some nice fish in the past.

Bag limit has been set at 15 pounds and one fish and not to exceed 20 fish in one day, or 30 pounds and one fish but not to exceed 40 fish for any seven consecutive days.

Boys' Clubs Here to Aid Pheasants

Consignment of pheasant eggs to be hatched in Hillsboro again this year for release in various parts of the county, are expected soon, according to Don Templeton, county judge, who has been making the arrangements. The eggs will be turned over to the Hughes hatchery.

Last year farmers were asked to care for and release the chicks but this year the co-operation of L. E. Francis, assistant county agent, and the 4-H clubs of the county have been enlisted for the work.

The members of the clubs will take the chicks, raise them, and release the birds in proper cover, Templeton said.

Contract Let for Pavement

Reconstruction of the highway between Hillsboro and Forest Grove is expected to be underway soon, following the awarding of contracts in Portland Friday by the highway commission. Warren-North west construction company was low with a bid of \$102,941.

Plans included pavement 22 feet wide west from the railway tracks inside the city limits of Hillsboro, and paving the full width of the street through Cornelius business district. Outside of the city limits of both places the new paving will be 22 feet wide with a four-foot gravel shoulder on each side.

During 1935, the section of highway between Hillsboro and Beaverton was increased in width, with new surface and gravel shoulders to carry traffic if necessary inside the city limits, from Tenth avenue to the railway tracks on Baseline, the street was covered the full 36 feet.

Forest Hills Club Will Seek New Members

Membership drive for the Forest Hills club will be launched beginning today (Thursday), and ending April 15, it has been announced by Dr. R. S. Waltz, president of the country club. Team of four men for each Hillsboro and Forest Grove will carry on the membership campaign in their communities.

W. Verne McKinney is chairman of the Hillsboro team and will select his committee. He has challenged the Forest Grove team, headed by John Thornburgh, and suitable prizes will be awarded the winners.

During the drive the usual membership fee of \$50 will be reduced to \$15 and in addition, the dues will be \$13 semi-annually to pay the \$26 per year.

Forest Hills, it is pointed out, has one of the least costly memberships of any club in the state. Portland recently advanced membership, the lowest being \$200 with \$9 per month dues. Those joining Forest Hills last year without paying membership fee, will not be asked for a membership fee this year if they keep their dues paid, it was announced.

Friday night the directors and committee members arranged a schedule of events for Sunday beginning at 2 p. m., which includes the beginning of "ringer" score competition. The second event is the blind bogey tournament. Balance of program will be announced next week.

County CCC Quota Must Report Soon

April quota for CCC camp from this county has been announced as 15 boys to begin reporting April 5 and be in camp by April 10. Miss Alice Maxwell, executive secretary of the relief committee, said "this week."

Of the quota, more than enough registrations already are on hand to complete the lot, she said. Three veterans already have been sent to camp and more are eligible. The veterans are taken without the provision that they must be relief cases.

Baseball Practice

Baseball practice has been scheduled for tonight (Thursday) at 7 o'clock at the baseball diamond. All players interested are requested to attend.

WILSON E. BROCK

Wilson E. Brock, 69, Pendleton business man for many years, died at his home there Sunday. Mr. Brock purchased an interest in a hardware store in Pendleton in 1905 and conducted it from that time until his death. Survivors include his widow, one son, Harold of Pendleton, and a sister, Mrs. H. D. Bryant of Gaston.

Mr. Brock was well known in Hillsboro, having been an owner of what is now the Delta Drug store from 1890 to 1898, under the firm name of Brock & Sells. Frank Mitchell of the Delta was with Mr. Brock during that time, and managed the store for several years while Mr. Brock was in Heppner prior to selling the local business to the late Dr. S. T. Linklater. In 1900 Mr. Mitchell and Mr. Brock went into partnership in the drug business in Pendleton and continued the partnership until 1905.

WASHINGTON LETTER

WASHINGTON—Organized labor is looking for new fields, both political and industrial, to conquer. Large scale unionization by the C. I. O., with John L. Lewis and Sidney Hillman in the saddle, has not stopped with the steel settlement. The next move will be unionization of the huge textile industry.

More important, perhaps, is the prominence of organized labor in the political picture. Labor's Non-Partisan League, of C. I. O. unions and their affiliates, are campaigning to put over Roosevelt's plan to expand the Supreme Court.

All indications are that the Supreme Court fight will be close. There is a possibility that if Roosevelt wins, the support of labor will be the deciding factor. The claim of labor leaders that LNFL swung the elections in November, was not taken seriously. This time the Lewis labor group may find more credence for their claims.

THE prestige of the labor organization as well as that of Roosevelt will be affected if the Supreme Court plan is defeated. Such a defeat might mean that hopes for early wage and hour legislation would be futile. Success of the plan, conversely, would mean more power and more prestige both for the President and for John L. Lewis.

Roosevelt went into partnership with the militant labor group when he backed the Wagner labor relations bill, the Walsh-Healy bill, the Guffey coal bill, and the railroad pensions bill. In return, forming as near

execution of foreclosure, the case may not be heard at this time, it has been intimated.

Arguments in the temporary injunction obtained by William M. Martin, pinball machine operator, halting removal of machines from this county, are set for April 14. The order halted action by Sheriff J. W. Connell and G. Russell Morgan, district attorney.

Frank Croter, arrested Saturday and charged with drunken driving, entered a plea of guilty yesterday (Thursday) afternoon, and was sentenced to 60 days in jail by Judge Peters.

New cases this week in probate court include Anna Kempf, Alexander S. Weir, Antone Hermens, Alice W. Beaumont, John C. White, Benjamin Birdsall, Barclay Davis, John McGill, Lawrence S. McConnell, Gladys L. Flemming, Irving Dooley, Henry Brooks, William Houston, Herbert A. Hubbert.

Among the new cases filed in circuit court this week were City of Forest Grove vs. W. B. Haines et al; foreclosure; Home Owners' Loan corporation against George Figueroa et al; foreclosure.

Orders filed this week in circuit court include H. J. Maller vs. Howard F. Hughes et al; dismissal; Liquidation Shute Savings bank, authorizing sale real property in Portland; Liquidators vs. Mrs. Junata Thompson, default and judgment; United States National bank vs. Herbert E. and Isaac Staples, default and judgment; Liquidation Shute Savings bank, authorizing sale of property in Hillsboro; Federal Land Bank of Spokane vs. Robert Wetzel et al; decree.

Cases dismissed this week include two cases against the Oregon Motor
