Stook Attends Spokane Meet

Arthur M. S. Stook, secretary-treasurer of the Washington county Farm Groves, May 17 and 18 at the national farm loan associations, which recently joined in a central office in Hillsboro.

As part of the land bank's program of decentralizing its own activities and rebuilding this co-operative mortgage system around the farmer-owned and farmer-directed local units, the associations now have direct responsibility for making and servicing land bank loans.

The stock is pledged as additional security to loans which the associations approve and submit to the bank with their endorsement. The bank uses the association-guaranteed mortgages as security for bonds which are marketed to the investing public.

Due to the recent sale of a new issue of land bank bonds bearing three per cent interest, the associations are now able to make first mortgage loans at the record low rate of four per cent, with payments spread over a long term of years and amortized so the principal can be automatically paid off by the end of the loan period.

Safeway Joins Union Setup

Negotiations were completed last week between Safeway, a member of Food Employees, Inc., and Retail Clerks International Protective association, an affiliate of the A. F. of L., designating the latter as collective bargaining agent for employees. Membership applications were signed by the employees 100 per cent.

Many of the major union requirements coincide with present store working conditions. The specified nine-hour day, 34-hour week was already in force in a large number of localities.

Non-working union holidays were designated as January 1, Memorial Day, July Fourth, Thanksgiving and Christmas. Sundays will be included in this list after November 1 next.

Safeway wage scales in the majority of localities were already higher than union requirements. Therefore, adjustments needed to be made in only a few cases. Employees who were already being paid higher wages than required by union scale will not have their wages reduced to meet this scale, Safeway executives promised.
